PROGRAMME REGULATION

The Regulation of PG Programme (KUCBSS-PG-2014) is available in the Kannur University website. Following are the additional information with regard to MBA Programme under Credit Based Semester System for Affiliated Colleges and Extension Centres of Kannur University.

1. Title of the Programme

This Degree shall be called MASTER OF BUSINESS ADMINISTRATION (MBA).

2. Duration of the Programme

The duration of MBA Programme shall be a minimum of 2 years consisting of 4 Semesters. Each Semester consists of a minimum of 450 contact hours distributed over 90 working days.

3. Admission Eligibility

A pass in any bachelor's degree examination (10+2+3 pattern) in Arts, Science, Commerce, Management, Law, Engineering, Medicine, Agriculture etc. of Kannur University or any other Indian or Foreign University duly recognized by the Kannur University as equivalent thereto. Candidates to be eligible to apply for admission to the programme are required to have scored not less than 50 % marks in aggregate or letter grade B under the grading system in the qualifying examination. However, candidates belonging to the other backward communities are eligible for a concession of 5 percent marks (or equivalent grade) in the qualifying examination. Those belonging to scheduled caste/ scheduled tribes having secured a pass (or equivalent grade) in the degree examination are eligible to apply for admission to the programme.

4. Admission Procedure

Admission to the MBA Programme shall be on the basis of merit as determined by the weighted scores obtained by the candidate in the Entrance Test (ET), Group Discussion (GD) and Personal Interview (PI). The split up of the weightage for the three components shall be as follows.

Admission Criteria	Weightage
Entrance Test	70
Group Discussion	15
Interview	15
Total	100

Admission to the MBA Programme shall be based on the aggregate score obtained by the candidates in the Entrance Test (ET), Group Discussion (GD) and Personal Interview (PI) subject to the other eligibility norms prescribed by the University from time to time. For University Department or its Direct Centres or Extension Centres admission will be based on Test conducted by AICTE, CMAT or the University shall conduct the Entrance Test called KUMAT every year. The Test will be of 90 minutes duration with 150 multiple choice questions. KUMAT will comprise the following:

- i) Test of Reasoning and Intelligence
- ii) Test of English Language
- iii) Test of Numerical Ability or Quantitative Aptitude and
- iv) Test of General Knowledge and Current Affairs.

Based on the score obtained in the Entrance Test, candidates will be shortlisted for attending GD and PI. Final rank list shall be prepared based on the aggregate score secured by the candidates in all the three components, viz; ET, GD and PI. Counseling session shall be conducted for admission to the Programme offered at the University Department and other MBA Centres/Extension Centres of Kannur University. The candidates who are short listed for attending the G D and PI based on their score in ET must produce the qualifying degree mark list/provisional certificate/confidential mark list, latest by the date of their G D and P I. If any candidate fails to produce the same, he/she shall forfeit the chance of attending the GD and PI and as a result shall not be considered for admission to the MBA Programme during that academic year. Under such a circumstance, the University will not be responsible or liable for the loss of any sort caused to the candidate due to his/her ineligibility for admission to the Programme.

Reservation rules approved by Kannur University from time to time shall be followed strictly in the admission to the Programme.

4.1. For Affiliated Institutions

Private Management Institutes/Institutions shall adopt the Management Aptitude Test, CMAT conducted by AICTE / CAT any other national or state or university level tests approved by UGC/AICTE/Kannur University (KUMAT)/Government of Kerala as entrance test for admission to the MBA programme. Before the last date of receipt of applications for admissions by the private management institutes, the candidates shall have obtained his/her CMAT score or other test score in the approved entrance tests as referred above and the documentary evidence of the entrance score shall be submitted along with the filled in application form.

Based on such score, the candidate shall be shortlisted for Group Discussion (GD) and Personal Interview (PI). All the seats shall be filled up from the rank list prepared based on the aggregate score in Entrance Test, Group Discussion and Personal Interview. The private management institute shall inform the Registrar, Kannur University in advance as to which particular Entrance Test has been adopted by the Institute for selecting the candidates for the Programme .Admission shall be strictly based on the rank list or lists that the institutes shall prepare and publish based on the above. The Institute shall forward a copy of such final rank list and lists of the candidates admitted to the Programme to the Registrar, Kannur University within two weeks from the date of closure of admission to the Programme each year. The rank list thus forwarded to the Registrar shall also carry a statement showing all the details of the students admitted, viz; marks in the qualifying examination, score in the respective Entrance Test, Group Discussion, Personal Interview, caste, reservation category, panel of experts for GD and PI, dates on which GD and PI were conducted etc. Before initiating the admission process for each year, all the private management institutes affiliated to Kannur University shall obtain an approval letter in advance from the University for their proposed admission schedule for that year, which should include details viz;

- i) date of admission notification,
- ii) last date for receipt of filled in applications
- iii) dates of GD and PI
- iv) dates of admission and commencement of classes.

The University shall ensure that the private management institutes conduct the admission process of the MBA Programme strictly as per the University rules in this regard. It shall also be ensured that the first semester classes in all the private management institutes commence on a common date each year which shall coincide with the date of commencement of first semester classes in the MBA centres/Extension Centres of the University.

5. Programme Structure

Courses: The MBA Programme shall include two types of Courses, namely, Core Courses (C) and Elective Courses (E). The Parent Department shall offer the Core Courses and appropriate Elective Courses for a specific programme.

5.1. Credits: One credit of the course is defined as a minimum of one hour lecture per week for 18 weeks in a Semester. The total minimum credits required to complete MBA programme is 120. The details of number of courses (core and elective), total credits in different semesters are as follows.

Semester	No. of Courses	Total Credits
FIRST	7 Core	28
SECOND	7 Core	28
THIRD	8 (4 Core +4 Elective)	32
FOURTH	8 (4 Core +4 Elective)	32
TOTAL	30 (22 Core +8 Elective)	120

5.2 Duration: The MBA Programme shall be completed within a period of minimum of four and maximum of eight consecutive semesters. If a student does not pass a course within the regular schedule, he/she shall reappear for the course examination along with the subsequent batch.

5.3. Mode of the Programme: The MBA Programme is offered on Double Specialisation Mode. Therefore, each student shall opt for 2 Elective Streams from the 5 different Elective Streams offered for the Programme. A student shall study 4 elective courses (2 courses each from the 2 elective streams opted by the student) in the third semester and another 4 elective courses in the fourth semester (2 courses each from the 2 elective stream already opted by the student during the third semester) . Thus, each student shall study 8 elective courses for the whole programme.

5.4 Attendance: A student shall be permitted to appear for the semester examination, only if he/she secures not less than 75% attendance in each Semester or whose shortage of attendance has been condoned by the University for genuine reasons. If a student fails to secure the required attendance or condonation by the university, shall repeat the semester along with the subsequent batch after obtaining the re-admission.

Attendance	% of Marks for Attendance
90% and above	100
85-89%	80
80-84%	60
75-79%	40
Less than 75%	20

6. Guidelines:

6. a. Organizational Study (Third Semester) – MBA3PR15

All the students shall undertake an organizational study for one month in the beginning of third semester in any trading, commercial, industrial, financial or similar organization to be approved by the Department/ Institution as the case may be for their respective students. The purpose of the study is to create awareness about the functioning of various departments in the organization. Students shall submit their report on their organizational project in the prescribed format within a period of thirty days to the concerned department /institute. Each student shall be attached with one internal faculty guide, who will monitor the progress of the organisational study. Students shall submit two copies of the report on the organisational study in prescribed format for evaluation. Group work is not permitted.

General Format of the Organisational Study Report:

- The report shall be printed and bound (preferably spiral bound) with not less than 50 (A4 size) pages.
- Matter should be typed with Double line spacing
- Font Size should be 12 with style Times New Roman
- One Inch Margin should be left on Top and Bottom of the page, as well as Left and Right side of the typed pages.

The content of the Report should be sequenced as follows:

A. Preface Section:

Title Page of the Report
Declaration by the Student
Certification from the Organization Head
Certificate from Supervising Teacher
Acknowledgment
Contents
List of Tables
List of Charts and Figures

B. Executive Summary

C. Chapterisation

Chapter-I

Introduction (should contain statement of the Research Problem, Significance or Scope of the study, Objectives of the study, Chapter Scheme.

Chapter-II

Profile of the industry

Chapter-III

Profile of the Organisation/ Unit of Study

Chapter-IV

Data analysis and Interpretation

Chapter-V Findings, recommendations and Conclusions

D. Annexures

- Questionnaire/ Schedule if any.
- Bibliography (in standard format)

There shall be CE and ESE in the case of organisational study. ESE in the form of a report will be evaluated by an external examiner appointed by the University. The components of evaluation (CE and ESE) of organisational project and their respective weights shall be as follows:

Components of CE and ESE		Weight
1	Objectives and Content	1 (25%)
2	Data analysis and Style of presentation	2 (50%)
3	Grasp of knowledge of the industry/organization by the student	1(25%)

6 .b. Major Project (Fourth Semester) –MBA4PR29

The students shall do a major project preferably in the area of their specialization during the final semester of MBA Programme. The duration of the major project is six weeks (for primary and secondary data collection work). Students shall report back to the Department /Institute after the allotted six weeks period. The succeeding two weeks shall be fully utilized by the students for analysis, interpretation and preparing the draft of the report under the supervision and guidance of the internal faculty guide. Each student shall be attached with one internal faculty guide, with whom he/she shall be in regular contact during the period of the major project (from the stage of selection of the topic of major project till the submission of the report to the Department/Institute).

Students shall submit two copies of the report in the prescribed format with not less than 100 (A4 size) pages,- printed and bound to the Head of the Department or Centre or Institute (within a period of two months from the date of reporting back by the students at the Department/Institute after their field work in connection with the major project).The Head of the Department /Centre /Institute shall forward the projects of all the students to the Controller of Examinations for facilitating ESE at least two weeks before the last day of the regular classes for fourth semester without fail.

General Format of the Major Project Report Report:

- The report shall be printed and bound (preferably hard paper bound) with not less than 100 (A4 size) pages.
- Matter should be typed with Double line spacing
- Font Size should be 12 with style Times New Roman
- One Inch Margin should be left on Top and Bottom of the page, as well as Left and Right side of the typed pages.
- Both primary and secondary data may be used for the study
- Statistical tools should be used for data analysis in the appropriate context.
- The content of the Report should be sequenced as follows.

A. Preface Section:

- Title Page of the Report
- Declaration by the student
- Certificate from Supervisory Faculty counter Signed by Head of the Institution.
- Acknowledgement
- Chapter Content
- Table Content.
- Graph/ Chart/ Figure Content

B. Executive Summary

C. Chapterisation

Chapter-I

Introduction (should contain statement of the Research Problem, Significance or Scope of the study, Objectives of the study, Hypothesis if any, Methodology (sample design and size, data source, tools used for analysis etc) or case study, Chapter Scheme, limitations of the study.

Chapter-II

Review of related Literature

Chapter-III

Profile of the industry and Organization/Unit of Study

Chapter-IV

Data analysis and Interpretation

Chapter-V

Findings, recommendations and Conclusions

D. Annexures:

- Questionnaire/ Schedule if any
- Bibliography (in standard format)

There shall be CE and ESE in the case of the major project. ESE shall be conducted by a board of two external examiners. The components of evaluation (CE and ESE) of major project and their respective weight shall be as follows:

Components of CE and ESE		Weight
1.	Statement of the Research problem, Scope and relevance of the study, grasp of knowledge of the theoretical concepts of the topic of study/industry/organization by the student	1(15%)
2	Objectives, Methodology and Content	2(35%)
3	Data analysis, Style of presentation & proper formatting of the Report	2(35%)
4	Novelty of the topic, Seriousness, sense of responsibility and involvement exhibited by the student in the project work	1(15%)

7. Comprehensive Viva Voce

At the end of fourth semester, each student shall attend a comprehensive viva voce. Students shall be assessed in terms of their knowledge and understanding of all the courses learned by them during the 4 semesters of the programme and also about the major project work undertaken by them. The Viva Voce Board shall have two external examiners appointed by the University.

8. Evaluation:

The evaluation scheme for each course shall contain two parts:

1. Internal Evaluation and 2. External evaluation.

20% weightage is given for internal evaluation and the remaining 80% weightage is given for external evaluation. Hence all the Core and Elective papers will be evaluated out of 20 marks of internal and 80 marks of external examination. The organizational Study has to be conducted in an organisation for a duration of one month in the beginning of third semester and after the study, a report has to be submitted. The organizational study will be evaluated out of 100 marks, of which 20 marks will be awarded on internal evaluation and the remaining 80 marks will be awarded by an external examiner appointed by the university. However the Major Project work conducted at the beginning of IV semester for a duration of two months in an organisation shall have only external evaluation. The evaluation of Major Project report will be made out of 150 and the Comprehensive Viva Voce will be out of 50 marks.

Note: The MBA Programme is offered on Double Specialisation Mode. Therefore, each student shall opt for 2 Elective Streams from the 8 different Elective Streams offered for the Programme. A student shall study 4 elective courses (2 courses each from the 2 elective streams opted by the student) in the third semester and another 4 elective courses in the fourth semester (2 courses each from the 2 elective stream already opted by the student during the third semester). Thus, each student shall study 8 elective courses for the whole programme.

SEMESTER-I

MBA1C01 : ECONOMICS FOR MANAGERS

Objective	To impart basic knowledge of the concepts and tools of economic analysis as relevant for managerial decision making and to provide an understanding of the aggregate economic system within which a firm operates.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

General Foundations of Managerial Economics, Nature and scope of managerial economics - Circular flow of activity, - fundamental concept - basic technique of managerial decision-making - application of economic theories in decision making. Nature of the firm - Forms of organizations - Objectives of firms.

Unit-II

Demand analysis and estimation - meaning of demand - determinants of demand - types of demand - individual, market and firm demand, Elasticity measures and business decision making, law of demand - elasticity of demand - demand forecasting - methods of forecasting demand - essentials of good forecasting.

Unit-III

Production Analysis - production function - laws of production – economy & diseconomy of scale - laws of returns and business decision.

Unit IV

Cost Analysis - Various concepts of cost - cost output relationship - Application of marginal costing in business decisions - cost control and cost reduction.

Unit-V

Pricing - theory of price – Price determination –under perfect competition – under monopoly - under monopolistic competition – under oligopoly – pricing policies and practices – pricing of a new product.

Unit-VI

The firm in theory and practice – economic theory of the firm – the behavioral theory of the firm - managerial theories of the firm – profit concepts & analysis –

Text Books:

1. Managerial Economics : Gupta G.S
2. Managerial Economics : Varshney and Maheshwary

Reference Books:

1. Managerial Economics : D.N Dwivedi
2. Managerial Economics : Lija J Truett and Dale B Truett
3. Managerial Economics : Dominick Salvatore
4. Managerial Economics : Mote Paul & Gupta
5. Managerial Economics : Chopra. O P
6. Business Economics : Adhikary. M
7. Business Economics : Mankar and Dinakar

SEMESTER-I

MBA1C02 : ACCOUNTING FOR MANAGERS

Objective	To acquaint the students with the accounting concepts, tools and techniques for managerial decision making.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Book-keeping and Accounting - Branches of Accounting - Concept and Role of Financial Accounting and Management Accounting - International Accounting Standards.

Unit-II

Financial Accounting - Concepts and Conventions - Double Entry System - Preparation of Journal, Ledger and Trial Balance - Preparation of Final Accounts: Trading, Profit and Loss Account and Balance Sheet - Financial Statement Analysis.

Unit-III

Capital and Revenue Expenditure and Receipts - Depreciation - Meaning – Causes and Methods of Calculating Depreciation: Straight Line Method -Diminishing Balance Method and Annuity Method.

Unit-IV

Cost Accounting – Objectives – Importance & Advantages of Cost Accounting – Understanding and Classifying Cost – Elements of cost – Direct Material – Direct Labour –Direct Expenses – Overheads.

Unit-V

Marginal Costing – Concept of Marginal Cost – Absorption Cost Vs Marginal Costing – Preparation of Marginal Cost Statement - Cost – Volume – Profit Analysis – Preparation of Break-Even Charts.

Unit-VI

Management Accounting- Evolution – Objectives – Utility and Limitations.

Text Books:

1. Fundamentals of Accountancy : R.L.Gupta.
2. Management Accounting : S.P. Gupta
3. Cost Accounting – Principles & Practices : M.L.Agarwal

Reference Books:

1. Financial Accounting : S.N. Maheswari
2. Advanced Cost Accounting : S.P.Jain & K. L.Narang
3. Accountancy Part I & I : S.N. Maheswari & S.K. Maheswari
4. Advanced Accounting Vol. I : Ashok Sehgal & Deepak Sehgal
5. Fundamentals of Accounting : P C Tulsian
6. Principles of Management Accounting : Manmohan & Goel
7. Management Accounting : Hingorani, Ramanathan & Grewal

SEMESTER-I

MBA1C03 : QUANTITATIVE TECHNIQUES FOR MANAGEMENT

Objective	To make the students familiar with the statistical and mathematical techniques their and their applications in business decision making.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam :80 Marks

Unit-I

Linear, Quadratic, Logarithmic and Exponential Functions- Permutations and Combinations – Matrices - Solving System of Equations with Matrix Methods – Differentiation and Integration of Simple Functions and their Applications.

Unit-II

Measures of Central Tendencies – Mean – Median – Mode – Geometric Mean – Harmonic Mean – Measures of Dispersion – Range – Quartile Deviation Mean Deviation – Standard Deviation – Coefficients of Dispersion – Skewness and Kurtosis

Unit-III

Simple Correlation and Regression Analysis – Concept and Applications of Multiple Regressions

Unit-IV

Probability and Probability Distribution- Sample Space - Bayes Theorem – Binomial Distribution- Poisson Distribution – Normal Distribution.

Unit-V

Sampling and Sampling Distributions – Estimation – Point and Interval Estimates of Averages and proportions of small and Large Samples.

Unit-VI

Hypothesis testing- T-test- F test- Z test and Chi Square test. Analysis of Variance- One way and Two way classifications –Managerial Applications

Text Books:

1. Statistics for Management : Levin and Rubin
2. Statistical Methods for Management : S.P.Gupta
3. Business Statistics : N D Vohra

Reference Books:

1. Statistics for Management using MS Excel : Levine, Stephan, Kreibel & Berenson
2. Quantitative Techniques for Managerial Decision : Sharma J.K.
3. Mathematics and Statistics : Alka Goel and Ajay Goel
4. Mathematics and Statistics for Management : K.B.Akhilesh & S. Balasubramanyam
5. Business Statistics for Contemporary Decision Making : Ken Black

SEMESTER-I

MBA1C04 INDIAN BUSINESS ENVIRONMENT

Objective	A broad overview of the Indian business environment with related topics that helps the students to understand the intervention of government in its policies that have a direct impact on business.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Business Environment- Concept- significance- environmental factors- relationship between business and environment – business planning and environment - growth with justice- rural development- implications of economic environment to business.

Unit-II

Economic Environment - Patterns of Indian economy - characteristics of Mixed economy - sectors of economy and their relative importance - economic planning – Post liberalization - Central excise and sales tax - VAT- basis for levy of central sales tax- inter-state sale - penalties under sales tax.

Unit-III

Social and Cultural Environment - Indian social structure- caste and family systems- religions customs-culture- transitions – demographic changes- savings and consumption habits- Business implications.

Unit-IV

Technological Environment- Technological changes- R & D in India- implications to business – National Knowledge Commission – Concept of BPO, KPO and LPO

Unit-V

Political Environment – Industrial policy - Five year planning – Industries (Development & regulation) Act- Public, private, joint & co-operative sectors- Privatisation and disinvestment – Industrial sickness – Environment Impact Assessment Report (EIA) – National Green Tribunal (NGT) - Land Acquisition, Rehabilitation and Resettlement Bill 2013

Unit-VI

Investment Environment - Capital Market – Capital market institutions - SEBI & its functions – Foreign investment in India – portfolio investments - NBFC's institutional structure and Finance-Insurance- Types of Insurance -Role and Functions of IRDA – Functions of FICCI and CII.

Text Books:

1. Business Environment- Text & Cases : Francis Cherunilam
2. Business Environment : Justin Paul

Reference Books:

1. Indian Economy : Datta R and Sundaram KPM
2. Economic and Managerial Environment : Surinder P Pruthi
3. Economic Environment of Business : Adhikary
4. Indian Industrial Economy : Sivavya and Das

Websites

1. www.rural.nic.in
2. www.knowledgecommission.gov.in
3. www.commerce.nic.in
4. www.indiatradefair.com

SEMESTER-I

MBA1C05 : MANAGERIAL COMMUNICATION

Objective	To equip the students with the necessary skill and techniques of communication to make them successful in performance. The course also aims to sharpen the oral, written and interpersonal communication skills of the students		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Principles of communication-Types of communication-Methods and media of communication- Process of communication -Barriers to communication-Strategies for improving communication effectiveness

Unit-II

Organizational Communication-Principles of effective organizational communication - Causes of poor Organizational communication - Types of organizational communication- Communication for inter personal influences - Effective leadership communication - Cross culture communication

Unit-III

Verbal and non verbal communication in business -Public speaking skills- Business presentations - Role of audio visual aids and computers in oral presentations- Interviewing- Art of negotiation- Listening skills -Mannerisms -Body language – Impromptu Communication

Unit-IV

Written communication- Structures and methods of written communication - Letter for different kinds of situations – Enquiries-Customers' complaints-Collection letters - Sales promotion letters.- Memoranda- Directives and instructions- Notices -Reports-Memo - Agenda - Proposals -Minutes - Professional papers - Agreement documents -Press releases - Preparation of resumes

Unit-V

Conducting meetings-Procedure – Preparing agenda, minutes and resolutions-Conducting seminars and conferences-Group discussion-Drafting speech

Unit VI

Report writing - Structure of reports - Long & short reports -Formal & Informal reports -Technical Reports-Norms for including Exhibits & Appendices.

Text Books:

1. Business communication : P.C Bhatia
2. Business Correspondence & Report Writing : RC Sharma & Krishna Mohan
3. Business Communication : Guffy Mary Elenn

Reference Books:

1. Foundations of Business communication : Dona. J. Young
2. Business Communication - Making connections in a digital world : Raymond V Lesikar and others
3. Business letter writing : Jasmin, S & Bright. JS
4. English & Commercial Correspondence : Carrad, H.L
5. Effective business communication : Herta A, Murphy & Charles E Pick
6. Business Communication : Thill John V
7. Communication at work : Ronald B Adler

SEMESTER-I

MBA1C06 : MANAGEMENT THEORY & PRACTICE

Objective	To familiarize the students with the fundamental concepts, theory, practice and principles of Management		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Meaning and definitions of Management – Historical development – Elements – Approaches to Management - Processes and functions of management -Schools of Management thoughts – Classical theory-Neo classical theory -Systems theory –Contingency theory

Unit-II

Planning and decision making-Objectives - Concepts and principles – Elements- Techniques-Processes – Types of plans– Implementation – MBO

Unit-III

Organizing: Nature and purpose of organizing -Organisation levels and span of management-Departmentation – Line and staff relations -Centralization and decentralization -Delegation of authority-Formal and informal organization -Types of emerging organisation structure and design

Unit-IV

Staffing- Selection & Recruitment- Performance appraisal - Training & Development-Directing and leading – Basic concepts and techniques – Motivation - Leadership processes and approaches

Unit-V

Controlling: The control process – Common types of standards used in control process – Control techniques.

Unit-VI

Key issues in Modern Management-Managers and their external environment-Social responsibility of business -Corporate Governance.

Text Books:

1. Principles of Management : P. C. Thripathi and P. N. Reddy
2. Essentials of Management : Harold Koontz & Heinz Weirich

Reference Books:

1. The Practice of Management : Peter Drucker
2. Management : Stoner J
3. Essentials of Management : Joseph .L. Massie
4. Management and Organization : Louis Allen
5. Management: Concepts & Strategies : J.S.Chandan
6. Management: Principles Processes and Practices : Anil Bhat and Aryakumar
7. Management text and cases : A. Satyaraju and A. Parthasarathy

SEMESTER-I
MBA1C07 : INFORMATION TECHNOLOGY FOR MANAGERS

Objective	To familiarize the students with the use of computers for day to day business related work in their future role as managers.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Computer System: Basics of Computer Hardware - Input, storage, processing, output devices – Basics of Computer Software - System Software and Application software – Operating system and its Functions – Basic Computer Operations: Creating, saving, renaming, editing and deleting files – Use of Control Panel options in Windows OS – Personalizing - taskbar and start menu - user accounts – Basic multimedia operations –Transferring data to removable media, CD Writing.

Unit-II

Word processing using MS Word - Creating, editing, formatting a word document –managing fonts – bulleting –borders and shading – different view layouts – applying styles - word art – charts – inserting pictures- working with tables – setting page layouts – inserting headers and footers, page numbers - printing a document – mail merge.

Unit-III

Spread sheets: Features of MS Excel – managing data – Basic excel operations - conditional formatting – sorting and filtering – graphs functions in Excel – Basic Mathematical Functions – SUM, AVERAGE, MEDIAN, COUNT, RANK, CORREL, STDEV – Application of formula in cells.

Presentation: Creating, designing, organizing slides in MS PowerPoint – Effects and animation schemes –Transition of slides - Hyper linking – inserting pictures, sound and video into slides.

Unit-IV

Networking, Internet and Social Media: Different types of Networking – Internet – www – Web 2.0 and Web 3.0 - FTP – Search Engines – Email – Blogs – RSS Feed - Google Ad Sense - Video Conferencing – Social Media – Net Etiquette

Unit-V

E – Commerce and its security considerations: E Commerce & M Commerce – Different ways of Implementing Information and Data Security – Digital Signature – Data Capture by Bar Code, RFID and QR Code - Electronic fund transfer and security – E-Governance – Electronic records – IT Act 2000 and 2008

Unit-VI

Business Analytics and Big Data – Scope and Importance – Descriptive, Diagnostic, Predictive and Prescriptive Analytics – Major Analytics Domains – Big Data and Issues in Adoption of Analytics in Organizations

Text Books:

1. Computer Fundamentals : Pradeep K Sinha, Priti Sinha
2. MS Office 2007 : Perry G

Reference Books:

1. Electronic Commerce : Gary P. Schneider
2. Fundamentals of Computers : Rajaraman, V
3. Absolute Beginners guide to computer basics : Miller M
4. Computer networks : Tannebaum A S
5. Fundamentals of information Technology : Deepak Bharihoke
6. Computer Applications in Management : Saxena Sanjay & Chopra Prabhpreet
7. Vikalpa Oct – Dec 2013 Vol 38, No 4 : A Banerjee, T Bandyopadhyay & P Acharya

SEMESTER-II

MBA2C08 : FINANCIAL MANAGEMENT

Objective	To acquaint the students with the broad framework of financial decision making in a business unit.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Nature and scope of financial management – Finance functions – Treasury Vs controller functions - Investment decisions – Financing decisions – Dividend decisions – Changing role of financial management.

Unit-II

Investment decisions – Capital budgeting process – Basic principles of capital expenditure proposals – Various appraisal methods – Capital rationing – Investment appraisal methods in practice.

Unit-III

Financing decisions – Sources of finance – Cost of Capital – Debt, preference and equity capitals operating and financial leverage – Total leverage – Capital structure theories – net income and net operating income approaches – Optional capital structure – Factors affecting capital structure – EBIT/EPS and ROI & ROE analysis – Capital structure policies in practice

Unit-IV

Dividend decisions – Dividend theories – M M Approach – Dividend policies – Dividend policy and share valuation – Corporate dividend practices in India.

Unit-V

Working capital policy – Importance of working capital management – Components of working capital – factors affecting the working capital requirements – Profitability liquidity trade off – Estimating working capital requirements – Finance manager's role in working capital management.

Unit-VI

Current Assets Management: Inventory management – Need for inventories and the importance of inventory management -Techniques of management of inventory – Economic Order Quantity –EOQ model – Re-order point - safety stock – Selective inventory controls- ABC analysis- Cash management – Important factors affecting cash balances – Cash budgeting – Management of collection and disbursement – Cash management models -Credit policy – Credit period discounts-Control of receivables.

Text Books:

1. Financial Management : Pandey.I.M
2. Financial Management – Theory & Practice : Prasanna Chandra

Reference Books:

1. Financial Management Theory & Practice : Eugene F. Brigham & Michael C. Ehrhardt
2. Fundamentals of Financial Management : Brigham & Houston
3. Financial Management & Policy : James C Van Horns
4. Financial Management : Ravi .M Kishore
5. Contemporary Financial Management : Rajesh Kothari & Bobby Dutta
6. Financial Management : Rustagi
7. Financial Management : Srivastava R.M
8. Introduction to Financial Management : Schall & Haley

SEMESTER-II

MBA2C09 : OPERATIONS RESEARCH

Objective	To acquaint the student with the applications of Operations Research to business and industry and help them to grasp the significance of analytical techniques in decision making.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Introduction to Operation Research (OR) – Decision making through OR – Nature & Significance of OR – Models and modeling in OR – General methods for solving OR models – methodology of OR - Application and scope of OR – Basic OR models.

Unit-II

Programming techniques – Linear programming and applications – Linear programming graphical methods – Simplex methods maximization problems – minimization problems and problems involving artificial variables – Concepts of duality – Sensitivity analysis.

Unit-III

Transportation problem – Transportation algorithms – North West Corner Method (NWCM) – Least Cost Method (LCM) – Vogel's Approximation Method (VAM) – MODI method – Degeneracy in transportation problem.

Unit-IV

Assignment problem – Solution methods of assignment problem – Enumeration method – Simplex method – Transportation method – Hungarian method.

Unit-V

Decision theory – Steps in decision theory approach – Types of decision making environment – Decision making under certainty, risk and uncertainty – Decision criteria – revision of probability – Decision trees.

Unit-VI

Inventory and waiting line methods – Inventory control – Deterministic models – Queuing models – Simulation – Monte-Carlo simulation.

Text Books:

1. Operations Research concepts and cases : Fredrick S. Hiller and Gerald J. Lie Berman
2. Operations Research : R. Paneerselvam
3. Quantitative Techniques in Management : N D Vohra
4. Operations Research : J K Sharma

Reference Books:

1. Operation Research : Wayne. Winston.
2. Operation Research with C programs : S. Kalavathy
3. Operation Research : Rathindra P. Sen
4. Introduction to operations Research : Billy E. Gilett
5. Operation research for management : Gupta.M.P. & J.K.Sharma
6. Operation Research – Techniques for Management : Banerjee.B
7. Operations Research principles and Applications : G.Srinivasan

SEMESTER-II

MBA2C10 : MARKETING MANAGEMENT

Objective	The course aims at making students understand concepts, philosophies, processes and techniques of managing the marketing operations of a firm.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Introduction to Marketing: Meaning and Scope of Marketing- Marketing Philosophies- Marketing Management Process-An Overview- Concept of Marketing Mix- Understanding Marketing Environment- Consumer and Organization Buyer Behavior- Demand Forecasting- Market Segmentation-Targeting and Positioning

Unit-II

Product and Pricing Decisions: Product Concept- Types of Products- Product Levels- Major Product Decisions-Brand Management-Product Life Cycle-New Product Development Process

Unit-III

Pricing Decisions- Determinants of Price- Pricing Process- Policies and Strategies. Promotion Decisions: Communication Process- Promotion Tools-Advertising- Personal Selling – Publicity and Sales Promotion

Unit-IV

Emerging Channels of Distribution, Distribution Channel Decisions-Types and Functions of Intermediaries- Channel Design; Selection and Management of Intermediaries – Retailing

Unit V

Emerging Trends and Issues in Marketing: Consumerism- Rural Marketing- Social Marketing- Direct Marketing

Unit VI

Online marketing – E-Commerce – Marketing in the 21st century – Marketing warfare – Green Marketing – Case Studies

Text Books:

1. Marketing Management-A South Asian Perspective : Kotler,P., Keller, K.L. Koshy, A. and Jha, M.,

Reference Books:

1. Marketing Management : Ramaswamy, V.S and Namakumari, S.
2. Marketing Management : Saxena, Rajan
3. Marketing Management – Text and Cases : K S Chandrasekar
4. Principles of Marketing : Louis E. Boone and David L. Kurtz
5. Marketing Planning, Implementation and Control : Pride, William, M., and O.C. Ferrell

SEMESTER-II

MBA2C11 : ORGANIZATIONAL BEHAVIOUR

Objective	To familiarise the students with the basic concepts of an organisation and to enhance the understanding of the interaction between the individual and the organisation. The course also intends to develop a perspective to diagnose and effectively deal with the issues of human behaviour in organisations.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Organizational behaviour – Meaning-Contributing disciplines to the OB field – Knowledge of OB – Emerging challenges and opportunities for OB – Various approaches to study of OB – The organization and people.

Unit-II

Basic psychological processes – Perception – Factors influencing perception – Attribution theory –Specific applications in organizations – Learning – Theories of learning – implications for performance and satisfaction – Basic motivational concepts – Theories of motivation –Implication for performance and satisfaction.

Unit-III

Personality – determinants of personality – Theories of personality – Major personality attributes influencing organizational behavior – Attitudes and job satisfaction

Unit-IV

Group Dynamics and inter group relationships – Characteristics of work group – Basic forces of group behaviour – Dynamics of effective operating groups – Work group behaviour and productivity.

Unit-V

Team management – Styles and skills in leadership and communication – Power and politics in organization – Managing differences and conflicts – Managing change – Organization and society.

Unit-VI

Organizational Development – Techniques of organizational development – Interventions – Grid management – Transactional analysis – Sensitivity training.

Text Books:

1. Organisational Behaviour : Fred Luthans
2. Organisational Behaviour : Robbins .S P
3. Organisational Behaviour : Umasekharan

Reference Books

1. Understanding Organisational Behaviour : Uday Pareek
2. Human Behaviour at Work : David Keith
3. Managing individual and group behaviour in Organizations : Danial C Fieldman & Hugh Arnold
4. Organisation theory & design : Edwin Gerlof
5. Organisational Behaviour : Porter LW, Lawler EE & Hackman R

SEMESTER-II
MBA2C12 : HUMAN RESOURCE MANAGEMENT

Objective	To aid the students in having a clear understanding about the concepts, methods and techniques and issues involved in managing human resource so as to facilitate employing, maintaining and promoting a motivated force in an organization		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Introduction to Human Resource Management: Concept of HRM- Nature, Scope,-Functions- Objectives-Processes- Importance and Evolution of HRM- Roles and Responsibilities of HR managers

Unit II

Competitive Challenges and HRM: Technological Changes- Workforce Diversity- Employee Empowerment- Managing Protean Careers- Moonlighting Phenomenon etc.

Unit-III

Strategy and Workforce Planning: Strategic Planning and HR Planning- Linking the Processes-Methods and Techniques of Forecasting the Demand and Supply of Manpower- Computing Turnover and Absenteeism- Job Analysis- Job Design: Behavioral Concerns- Ergonomic Considerations and Flexible Work Schedules.

Unit-IV

Expanding the Talent Pool: Recruitment, Selection- Career Management- Career Development Initiatives- HRM Competencies: Roles of HR Generalists and HR Specialists- Training & Development-

Unit V

Appraising and Improving Performance- Performance Appraisal Programs- Processes and Methods- Job Evaluation- Managing Compensation- Incentives and Employee Benefits- Health and Social Security Measures-Managing Labor Relations- An Overview.

Unit-VI

Contemporary Issues in HR – Strategic Human Resource Management- International Human Resource Management Creating High Performing HR Systems- Wellness Programs and Work Life Balance and Green HRM- Human Resource Information Systems- Human Resource Audit- Human Resource Accounting

Text Books

1. Human Resource Management : Snell et al
2. Human Resource Management : Gomez, Mejia et al

Reference Books

1. Armstrong's Handbook of Human Resource Practice: Armstrong, M.
2. Human Resource Management : Lepak, D. & Gowan M
3. Human Resource Management : Ivancevich
4. HRM an Introduction : Denisi, A S, Griffin, R W

SEMESTER-II

MBA2C13 : PRODUCTION AND OPERATIONS MANAGEMENT

Objective	To acquaint the students with decision making in Planning, scheduling and control of production and operation functions in both manufacturing and services.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Production as an organization function - Importance of production function – Scope of production and operations management – Characteristics of modern production and operation function –Strategic operations management – Operations strategies – Elements of operations strategy.

Unit-II

Production processes, manufacturing and service operations- Classification of manufacturing Processes – Product design and process design – Process planning and process design – Factors affecting process design – Process design procedures.

Unit-III

Plant location & Layout- Nature – Location theories – Steps in location – Location models – Plant lay out – Factors influencing lay out – Principles of lay out – Layout tools and techniques –Materials handling – Material handling principles – Organization for material handling. Selection and design of handling system.

Unit-IV

Production/Operations planning & control- Factors determining production planning – Production planning system – Production control – Elements of production control – Factors determining production control – Objectives of production planning and control – Role of production planning & control in operations management – Resource requirements planning – Shop floor planning and control.

Unit-V

Quality control - Organization for quality control – Quality control techniques – Statistical Quality Control – Types of control charts – Total Quality Management – Quality Circles.

Unit-VI

Plant maintenance- Meaning and definition – Scope – Importance – Objectives of maintenance management – Maintenance policy – Organization for maintenance - Models for maintenance management – Implementation of maintenance programs – Recent developments in Production Management

Text Books:

1. Production Management – Systems and Synthesis : Starr. Martin K
2. Production and Operations Management : Paneerselvam
3. Production and Operations Management : S.C. Sharma

Reference Books

1. Production and operations management : Kanishka Bedi
2. Production and Operations management : Norman Gaither
3. Production and operations Management : Martin K. Staff
4. Production & operation & Management : Aswathappa
5. Production and operations management : S N. Chary
6. Production and operations management : V K Khurana

SEMESTER-II

MBA2C14 : RESEARCH METHODOLOGY

Objective	To acquaint the students with decision making in Planning, scheduling and control of production and operation functions in both manufacturing and services.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Nature and Scope of Research Methodology- Meaning and Applications of - Importance of research in managerial decision making - The Research Process and types of Research- Defining the Research Problem - Problem Formulation and Statement of Research Problem-Hypothesis of research.

Unit-II

Research Design- Types of Research Design - Exploratory, Descriptive, Diagnostic/Conclusive and Experimental Researches - Details and applications- Operational and Administrative structure for research - Sampling and Sampling Designs.

Unit-III

Methods & Techniques of data collection- Observational and other survey methods, Development and designing of tools of data collection - Attitude measurement scales - Levels of measurement and questions of Validity and reliability.

Unit-IV

Fieldwork in research and data processing - Analysis and Interpretation of Data- Univariate analysis, Bivariate analysis - Correlation and Regression - Testing of Hypothesis – Applications -Parametric and Non-parametric tests - 't' test, One way ANOVA, two way ANOVA and Chi square statistic, Mann Whitney, Kruskal Wallis tests - Essential ideas of Multivariate analysis of data, Factor Analysis, Cluster Analysis, Conjoint Analysis & Discriminant Analysis - Use of Statistical Software Packages.

Unit-V

Reporting of research work – Types of Reports – Substance of Reports – Format of Report-Presentation of Reports.

Text Books:

1. Management Research : Bennet, Roger
2. Business Research Methods : Cooper and Schindler
3. Research Methodology-Methods & Techniques : Kothari C.R.

Reference Books:

1. Business Research methods : Alan Bryman and Emmabell
2. Statistical Analysis: Microsoft Excel 2010 : Conrad Carlberg
3. Research methodology : R. Paneerselvam
4. Business Research Methods : Naval Bajpai
5. Statistical Analysis using SPSS : Chinna, Karuthan & Wan Yuen

SEMESTER-III

MBA3C15 : INDIAN MANAGEMENT ETHOS AND PRACTICES

Objective	To sensitize the students of the significance of values and ethics in business and to be aware of the Indian ethos for management and also to know the various legislations in enforcing ethical business behavior in the country.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Ethics – What is ethics – Objectives of ethics – Business ethics – Characteristics of business ethics – Need for business ethics- Business ethics and profits – The Unitarian – The separatist view - the integration view – Arguments against business ethics – Evolution of business ethics as a field of study in East and West.

Unit-II

Indian ethos for management – Basic principles of management as per ancient Indian wisdom and insight – Indian ethos for the work life – Indian values for the work place – Respect for elders – Respect for hierarchy and status – Rights and duties – Quality of work life in Indian philosophy – The concept of ethics in work life according to Bhagavat Gita.

Unit-III

Value oriented Holistic management – Importance of character – Values – Wholeness – Goodness Courage – Self discipline – Living by inner truth – Dharma of organization/management – Value driven management – Exploitation of nature – Man-machine equation – Ethical dilemmas– Value systems: Utilitarianism– Deontology– Universalism – Need of value based holism in management in India – Ever changing world – Our future - Ethics for transnational business in view of globalization.

Unit-IV

Role of legislation & other bodies in enforcing ethical business behavior – Relationship between law and ethics – Role of the Govt. of India in enforcing ethical behavior - Competition law in India

Unit-V

Relationship between ethics & corporate governance – Corporate mission statement – CSR –Code of Ethics – Organizational culture – Quality management systems.

Text books:

1. A Study in Business Ethics : Rituparna Raj
2. Values and Ethics in Management : Naresh B Shah

Reference Books:

1. Ethics in Management : S.A. Sherlekar
2. Ethics in Organization : David Murray
3. Business and Society : George A Steiner
4. The Geetha and the Art of successful management : Ajanta E Chakravarthy
5. Foundation of Managerial Work –
Contribution from Indian thought : Chakravarthy S.K.
6. Business Ethics : Manuel G Velasquez

SEMESTER-III

MBA3C16 : BUSINESS LAW

Objective	To provide knowledge about important laws relevant to individuals, business and industry.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit I

Indian Contract Act, 1872 – Definition - Essentials of a valid contract - Classification of contracts - Offer and acceptance – Consideration - Capacity to contracts - Free consent - Legality of object - Illegal agreements - Performance of contract - Discharge of contract - Remedies for breach of contract - Quasi contracts - Indemnity and guarantee - Contract of agency.

Unit-II

Sale of Goods Act, 1930 - Essentials of a contract of sale - Sale and agreement to sell - Conditions & Warranties - Transfer of property - Rights and duties of seller and buyer- remedies for breach: Rights of Unpaid-seller.

Unit-III

Negotiable Instruments Act, 1881- Definition and characteristics of negotiable instruments - Parties to a negotiable instrument and their capacity- Cheques - Bills of exchange - Promissory notes.

Unit-IV

Companies Act, 2013 - Definition - Nature and kinds of companies - Formation- Memorandum & Articles of association – Prospectus -Membership in a company - Company management - Meetings and proceedings - Winding up of companies -liquidators.

Unit-V

Consumer Protection Act, 1986 - Salient features and objectives - Different Consumer redressal Forums - Composition and jurisdiction of district, state and National forum - Mode of complaints- Procedures for disposal of complaints - Penalty.

Unit-VI

Factories Act- Industrial Disputes Act -Trade union Act - Workmen’s compensation Act- Minimum wages Act- Relevant Cyber laws in India. (Only a basic understanding of these Acts is expected)

Text Books:

1. Elements of Mercantile Law : N D Kapoor
2. Business Law including Company Law : S S Gulshan

Reference Books:

1. Business Laws and Corporate Laws : P C Tulsian
2. Business Law : M C Kuchchal
3. Business Law : M S Pandit & S Pandit
4. Legal Aspects of Business : Akhileshwar Pathak
5. Anson’s Law of Contract : Anson & J Beatson
6. Indian Contract Act : Pollock & Mulla
7. Legal Aspects of Business : Akhileshwar Pathak
8. Consumer Protection Jurisprudence : Balakrishna, Justice Eradi

SEMESTER-III

MBA3C17 : MANAGEMENT INFORMATION SYSTEM

Objective	To expose the students to the managerial issues relating to information systems and help them identify and evaluate various options in this regard.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Need for Information System in Business – fundamentals of IS – System concepts – Components of IS – IS resources Activities – Overview of IS – Operation Support Systems, Management Support Systems, Other Classification – System approach to Problem solving – Global business scenario– trends in technology and applications.

Unit-II

Business Information Systems – Marketing Information Systems – Manufacturing –Information Systems – Human Resource Information Systems – Accounting Information Systems, Financial Information Systems – Transaction Processing System.

Unit-III

Management Information & Decision Support Systems – Management Information Systems – Expert Systems – Examples, Executive Information Systems – Artificial Intelligence Technologies.

Unit-IV

Strategic roles of IS-Breaking Business Barriers – Reengineering Business Processes-Improving Business Quality – Creating Virtual Company – Building knowledge Creating Company – Using Internet Strategically – Challenges of Strategic IS – Enterprise – wide systems and E-Business applications.

Unit-V

Managing information systems -Enterprise Management – Information Resource Management - Technology Management — IS planning methodologies – Critical Success Factors –Business Systems Planning – Computer Aided Planning Tools. Security & Ethical Challenges-IS controls – Facility Controls – Procedural Controls – Computer Crime – Privacy Issues – Hacking.

Text books:

1. Information Systems Today : Leonard Jessup and Joseph
2. Management of Information systems : S.A. Kelkar
3. Introduction to Information Systems : Alexis Leon and Mathews Leon

Reference Books:

1. Management Information Systems : S. Sadagopan
2. Management of Information Systems : Waman S. Jawadekar
3. Management Information System –
The Managers view : Robert Schultheis and Mary Summer
4. Principles of Information Systems : Ralph Stair and George Reynolds
5. Management Information systems : Gordon B. Davis and Margrethe H. Olson

SEMESTER-IV

MBA4C18 : STRATEGIC MANAGEMENT

Objective	To enlighten the students with the concepts and practical applications of business Policy and the process of the strategic management		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Overview of Strategic Management of Strategic Management – Business Policy and Strategic Management -Strategic Management Model – Business Ethics and Strategic Management.

Unit-II

Business Vision, Mission, Objectives – Characteristics of Mission Statement Types of Strategies – Integration strategies – Intensive strategies – Diversification strategies- Michael Porter Generic Strategies

Unit-III

Strategic formulation: Environmental Analysis – External and industry analysis – Internal analysis

Unit IV

Strategic analysis and choice – Input stage –Matching stage – decision stage – Cultural aspects of strategy choice.

Unit-V

Strategic Implementation: The nature of strategic implementation- Resource allocation – Strategy and structure – Creating supportive culture – Implementing strategies in functional areas.

Unit-VI

Strategy Evaluation: The nature of strategy evaluation –Review and Control – Characteristics of effective evaluation systems – Criteria for strategy control –Mechanism for strategic control.

Text Books:

1. An Integrated Approach to Strategic Management : C.W.L Hill & G.R Jones
2. Strategic Management and Business Policy : Glueck, William F
3. Business Policy & Strategic Management : Azhar Kazmi

Reference Books:

1. Strategic Management : Hugh McMillan
2. Strategic Management : Hitt, Ireland and Hoskisson
3. Cases in Strategic Management : Budhiraja, S.B. and Athreya, MB.
4. Strategic Management : John A. Pearce II, Richard B & Robinson, Jr.
5. Strategic Management : J.D.Hunger & T.L.Wheelen
6. Business Policy & Strategic Management : P.S Rao,

SEMESTER-IV

MBA4C19 : ENTREPRENEURSHIP DEVELOPMENT & PROJECT MANAGEMENT

Objective	To familiarize the students with the concepts of entrepreneurship and entrepreneurial functions. The course is also intended to develop the knowledge of the students in the management of projects, project formulation and the various tools and techniques for project appraisal and control.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion , Seminars etc		
Core Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam : 80 Marks

Unit-I

Entrepreneur & Entrepreneurial development- Views of economists, Sociologists, psychologists and managers on the making of an entrepreneur- Factors influencing entrepreneurship: Individual factors- Environmental factors- Socio-cultural factors- Support systems- Entrepreneurial motivation.

Unit-II

Functions of an entrepreneur- Types of entrepreneurs- Entrepreneur- Intrapreneur and Professional manager. Women Entrepreneur: Concept and functions of women entrepreneurs- Problems of women entrepreneurs- Developing women entrepreneurs – recent trends

Unit-III

Entrepreneurial Development Programmes (EDPs): Need and objectives of EDP- Small Entrepreneurs: Government Policy for small scale industries (SSIs). Institutional Support systems for small entrepreneurs- Role of DIC, SFCs, Commercial Banks, SIDBI, Entrepreneurship Development Institutes (EDIs).

Unit-IV

Concept of a Project & Project Management- Characteristic features of a project- Project life cycle and its different phases- Project feasibility study- Market feasibility- Technical feasibility-Financial feasibility- Prerequisites for successful implementation of projects.

Unit-V

Network models – PERT and CPM – Steps of PERT/CPM techniques – PERT/CPM network components and precedence relationships – Rules for network construction – Critical path analysis – Determining the critical path – determining the floats and slacks – crashing of activities .

Unit-VI

Evaluation and appraisal of projects- Project appraisal techniques- Project Control- Reasons for ineffective project control- Technique of project control- Preparation of project proposals.

Text Books:

1. Innovation & Entrepreneurship : Peter F.Drucker
2. Dynamics of Entrepreneurship Development : Vasant Desai.
3. Project Management : Prasanna Chandra

Reference Books:

1. Entrepreneurship: New venture Creation : David H Holt

SEMESTER III- FINANCE-Elective Course

MBA3E12 COST SYSTEMS AND CONTROL

Objective	To acquaint the students with the cost systems in use and to study in detail, the various controlling measures.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam: 80 Marks

Unit I

Cost systems – Methods of costing – job costing –batch costing – contract costing – process costing – recording of costs under process costing – normal loss – abnormal loss and abnormal gain – inter process profit – operating costing – nature – installation of costing system – pre requisites of a good costing system – difficulties in installing a costing system.

Unit II

Marginal costing and break-even analysis – Marginal costing – Nature & scope – Marginal cost determination – Cost-volume-profit (CVP) relationship – break even analysis – Graphical presentation – Construction of break even charts – Limitation & uses of break-even charts – Marginal costing Vs absorption costing.

Unit III

Budgetary control – Budget & budgetary control – Procedure in budget preparation – Establishment of budgets – Functional & master budgets – Budget reports – Sales budget – Production budget – Materials budget – Purchase budget – Labor budget – Production over head budget – Production cost budget

Unit IV

Cash budget – Master budget – Flexible budgets – Research and development cost budget and control – zero base budgeting (ZBB) – performance budgeting – Programme budgeting – Divisionalisation and performance measurement.

Unit V

Standard cost and analysis of various – Standard costing – Natures and scope of cost control – Establishment of standard costs – Analysis of variances – Computation of simple variances – Direct materials cost variances – Direct wages variances – Variable overhead variances – Fixed overhead variances – Sales variances – Profit (or loss) variances – Causes and disposition of variances.

Unit VI

Cost reduction & value analysis – Cost reduction – Nature and scope – areas of cost reduction campaign – Major difficulties in cost reduction – Cost reduction and its organization – Concept of value analysis and value engineering – Steps in value analysis – Strategic cost management.

Text Books:

- | | |
|--|-----------------|
| 1. Cost accounting –Theory & Practice | : M L Agarwal |
| 2. Management accounting and financial control | : S.N.Maheswari |
| 3. Advanced cost accounting | : Jain & Narang |

Reference Books:

- | | |
|--|----------------------------|
| 1. Management accounting | : Khan& Jain |
| 2. Cost Accounting – Methods & problems | : B.K.Bhar |
| 3. Cost Accounting – A managerial emphasis | :Horngreen, Foster & Datar |
| 4. Cost analysis and control – A managerial approach | : Nigam & Sharma |
| 5. Cost Effective Organization | : James K Hickel |

SEMESTER IV- FINANCE-Elective Courses

SEMESTER IV- FINANCE-Elective Course

MBA4E13 FINANCIAL DERIVATIVES

Objective	Aims at providing detailed understanding of the characteristics and applicability of financial derivatives along with the relevant regulatory framework.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem. Exam

Unit I

Financial Derivatives: An Introduction to Financial Derivative Markets, Past and Present, Concept, Purpose and Types of Financial Derivative Instruments; Forwards, Futures, Options, Swaps, and Other Derivatives; Weather Derivatives, Energy Derivatives and Insurance Derivatives. Hedgers, Arbitrageurs and Speculators. Difference between Exchange Traded and OTC Derivatives.

Unit II

Financial Forward and Futures Contracts: Financial Forward Contracts; Concept Characteristics, and Type of Financial Forward Contracts; Equity Forward, Currency Forward, Bond and Interest Rate Forward, Forward Rate Agreements.

Unit III

Financial Future Contracts: Concept, Characteristics, and Type of Financial Future Contracts; Stock Future, Index Future, Currency Future, Interest Rate Future and Commodity Future. Future Market-Trading and Mechanism; Future Pricing-Theories, Cost of Carry Model, Valuation of Individual Contracts.

Unit IV

Financial Option and Swap Contracts: Financial Options; Concept, Characteristics and Types of Financial Options; Stock Options, Index Options, Currency Options, Commodity Options, Option on Futures, Interest Rate Options.

Unit V

Option Pricing Models-the Black-Scholes Option Pricing Model, Binomial Option Pricing Model, Trading with Option, Option Strategies; Straddle, Strangle, Spreads. Option Greeks; Delta, Gamma, Theta, Vega, Rho. Exotic Option; Types of Exotic Options; Bermuda Option, Forward Start Option, Barrier Option, Chooser Option, Compound Option, Basket Option, Binary Option, Look Back Option, Asian Option. Swaps; Concept, characteristics and Types of Swaps,

Unit VI

Regulatory Framework for Derivatives: Regulation of Financial Derivatives in India; Securities and Contracts (Regulation) Act, Guidelines of SEBI and RBI

Text Books:

1. Options, Futures and other Derivatives : Hull, J. C
2. Financial Derivatives: Theory, Concepts and Problems : Gupta, S.L

Reference Books:

1. Organizational Behavior : Robbins, S. P.
2. Organizational Behavior : Luthans, F.
3. Understanding Organizational Behaviour : Pareek, Udai
4. Groups Theory & Experience : Naper, Rodhey, W & Gershenfeld Mattik,

SEMESTER III-HR- Elective Course

MBA3E18 : TRAINING & DEVELOPMENT: SYSTEMS & PRACTICES

Objective	To educate students on importance of training needs and issue of human resource development in organization.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs per week	3 Hrs. End Sr. Exam: 80 Marks

Unit I

The Training Context: Nature and Scope of Training, Training Challenges, Forces Influencing Working and Learning, Role of Training in Organizations, Systematic Approach to Training, Learning: Theories and Process Strategic Training: Models of Training- Faculty, Customer, Matrix, Corporate University and Business Embedded Model, Snapshots of Training Practices: Training Facts and Figures, Training Investment Leaders etc.

Unit II

Training Needs Analysis: The Process and Approaches of TNA, Organizational Analysis, Requirements Analysis, Task, Knowledge, Skill, and Ability Analysis, Person Analysis, Team Work for Conducting Training Needs Analysis, TNA and Training Process Design, Output Of TNA, Focus on Small Business

Unit III

Training Design, Delivery & Evaluation: Understanding & Developing the Objectives of Training, Considerations in Designing Effective Training Programs: Selecting and Preparing the Training Site, Selecting Trainers,

Unit IV

Program Design: Learning Environment, Pre-training Communication, Facilitation of Training with Focus on Trainee (Motivation of Trainee, Reinforcement, Goal setting). Transfer of Training: Conditions of Transfer, Facilitation of Transfer with Focus on Organization Intervention (Supervisor Support, Peer Support, Trainer Support, Reward Systems, Climate etc.) Training Methods, Implementation and Evaluation of Training Programme, Training Aids.

Unit V

Employee Development, Career Management and Future of T & D: Approaches to Employee Development, The Development Planning Process, Companies Strategies to Provide Development,

Unit VI

Types of MDP's, EDP's/Seminars and Conferences, Symposia. Career Management: Traditional Career vs. Protean Career, Models of Career Development, Challenges in Career Management: Onboarding, Dual Career Paths, Plateauing, and Managing Career Breaks, Future Aspects of T& D.

Text Books:

1. Training in Organizations : Goldstein, I.L. & Ford, J.K.
2. Effective Training: Systems, Strategies and Practices : Blanchard, P. N. & Thacker, W. J.

Reference Books:

1. Employees Training and Development : Raymond Noe, A
2. Training for Organizations : O'Connor, Browner & Delaney
3. Training for Organisational Transformation : Lynton Rolf, P. & Pareek, Udai
4. The Training Trilogy: Conducting Needs Assessments, Designing Programs, Training Skills : Leatherman, D. (2007).

SEMESTER III-HR-Elective Course

MBA3E19: PERFORMANCE MANAGEMENT

Objective	To apprise the students about the importance of Performance Management in organizations and impart an understanding of the process of managing performance to achieve the organization's current and future objectives.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sr. Exam : 80 Marks

Unit I

Foundations of Performance Management: Concept and Philosophy underlying Performance Management, Significance, Objectives, Pre-Requisites, and Characteristics of Effective Performance Management;

Unit II

Performance Management versus Performance Appraisal; Performance Management and Strategic Planning, Performance Management Process-Conceptual Model, Overview of Strategies for Performance Management

Unit II

Planning and Implementation of Performance Management- Overview of Performance Planning, Defining Performance and Selecting a Measurement Approach, Developing Job Descriptions, Defining Performance Standards, Key Result Areas, Competencies and Skills, Characteristics of Effective Performance Metrics

Unit IV

Performance Appraisal and Monitoring: Characteristics of effective Appraisals; Methods of Performance Appraisal; Designing Appraisal Forms; Implementing Performance Appraisal Process, Performance Review Discussions; Improving Quality of Performance Ratings; 360 Degree Appraisal;

Unit V

e-Appraisal; Performance Monitoring; Performance Management Documentation; Annual Stock Taking, Performance Management Audit,

Unit VI

Other Performance Management and Development Issues: Coaching, Counseling and Mentoring; Potential Appraisal, Competency Mapping; Performance Related Pay; Implementing Performance Management System- Strategies and Challenges; Role of HR Professionals in Performance Management; Ethical and Legal Issues, Appraisal and Management Practices in Indian Organizations.

Text Books:

- 1. Performance Management :Agunis, H
- 2 Performance Management :Kohli, A.S. & Deb, T.

Reference Books:

1. Counseling : Gladding, S.T.
2. Psychological Testing: Principles, Applications, and Issues : Kaplan, R. M. & Saccuzzo, D.P.

SEMESTER-III: :: **Tourism & Hospitality Management** – Elective Courses

MBA3E25 TOURISM PRINCIPLES AND PRACTICES

Objective	To give an overview of concept of tourism, tourism industry and the various tourism organizations		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem.Exam : 80 Marks

Unit- I

Tourism-Concepts-definitions-origin and development-Types of tourism-Forms of tourism-domestic- international-regional-inbound-outbound-Tourism network and components of tourism-Interdisciplinary approaches to tourism.

Unit-II

Tourism Industry and its structure- attractions- accommodation-transportation-F&B- shopping- entertainment- infrastructure hospitality- Presents trends in domestic and global tourism.

Unit-III

Assessment of tourism impact on destinations- Economic- socio- cultural and ecological-

Unit-IV

Concept of carrying capacity-sustainable tourism development-Emerging areas of tourism-rural-eco- medical- pilgrimage etc.

Unit- V

Tourism organizations-World Tourism Organisation (WTO)-Pacific Area Travel Association(PATA)-World Tourism &Travel Council (WTTC) -Role and function of Ministry of Tourism, Govt. of India- ITDC- Department of Tourism- PT&TC- FHRAI- IHA- IATA.

Unit-VI

Overview of five year plans with special reference to tourism development and promotion.

Reference Books:

1. Travel Industry al. : Chunky Gee et
2. Tourism systems : Mill and Morission
3. Successful Tourism Management : P.N Seth
4. Tourism Management- Vol.4 : P.C. Sinha
5. Tourism Development : R. Gartner
6. Tourism Planning and Development : J.K Sharma,
7. Tourism Principles, Philosophy, Practices : Goldener, C & Ritchie, B
8. Tourism principles & Practices : Geoper et al,
9. International Tourism : Gellas & Bechenel

SEMESTER- III: Tourism & Hospitality Management.-Elective Course

MBA3E26 TOURISM PRODUCTS OF INDIA

Objective	To give an overview of the different types of tourism products and destinations in India		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per week	3 Hrs. End Sem.Exam: 80 Marks

Unit - I

Unique features of Tourism Product in India – Historical perspective – Ancient, Medieval and modern – Geography of India – Physical and Political features – Astrology, Ayurveda, Yoga and Meditation – Languages and literature – Major Religions of India.

Unit - II

Cultural Tourism - problems and prospects – Fairs and Festivals-Dance Festivals –Performing arts – Dance and Music forms - Music Festivals – Fruit and Flowers Shows – Food Festivals – Myths and Legends – Cuisines and specialty dishes- Artifacts and Handicrafts Architecture –Paintings and Sculpture.

Unit - III

Archaeological sites – Monuments –Ancient Temples of India – Forts - Palaces and Museums – Buddhist heritage sites of India-Islamic Art & Architecture-Hill stations- pilgrimage centres- Beach Resorts of India- facilities and amenities.

Unit - IV

Wildlife sanctuaries- National parks –Botanical gardens and Zoological Parks- Biosphere reserve-facilities and amenities.

Unit - V

Major tourism circuits of India – Emerging Tourism Destination of India – Pilgrimage tourism- ecotourism-Rural tourism-golf tourism-wine tourism-camping tourism

Unit - VI

Adventure tourism-potential & issues-promotional measures initiated by Ministry of Tourism-Govt. of India-State Governments and Private Tourism Agencies.

8. Textbook of preventive and social medicine : Park JE, Park K.,
9. Healthcare Management and Administration : S.L Goel

SEMESTER-III: Health Care Management- Elective
MBA3E34 HEALTH & DEVELOPMENT

Objective	To give a broad picture about health care system in India and its current status.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per week	3 Hrs.End Sr.Exam : 80 Marks

Unit I

Evolution of Health care system in India- Historical overview-Indian health care system- Concept of health & disease-Spectrum of Health-Determinants of Health-Responsibility of Health.

Unit II

Measurement of Health status in the community - Indicators of health- Mortality - Morbidity-Disability-Nutritional status

Unit III

Health care delivery-utilization rates-socio economic indicators- health policy indicators- indicators of quality life.

Unit IV

Health care System in Developed and Developing countries-Developed & Developing reasons,Health Systems-Levels of health care-Health team concept

Unit V

Millennium Development goal- International health-WHO, UNICEF, UNDP, ILO, SIDA, DANIDA-International Red Cross- CARE.

Unit VI

National Health plan and Review of report on Health care- National Five year Plans-Review of report on Health care-Bhore Committee-Mudaliar committee-Jain Committee-Chaddha Committee- Kartarsingh committee- Srivastava committee & committee on plan & projects-Bajja committee & Rao Committee.

Reference Books:

- 1.Social and Preventive Medicine :K. Park
- 2.Preventive and Social Medicine : Prabhakar Rao

SEMESTER-III: Health Care Management- Elective**MBA3E35 HEALTH CARE ECONOMICS**

Objective	Aims at providing an idea about health determinants, nature and characteristics about health care markets etc.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per week	3 Hrs.End Sr.Exam

Unit I

Nature of Economic Analysis – nature Economic – functioning of Economic systems – Circular flow and interdependence of Economic activity- Basic Economic concepts - scarcity – Opportunity cost – Discounting principle – Concept of margin – Utility – Demand – Supply and Elasticity – Relevance of Economics to health and medical care.

Unit II

Utility analysis – Nature of Demand and determinants – law of demand – Elasticity of Demand- Supply Curves – Cost Concepts and Cost Analysis.

Unit III

Unique Nature of Health – Health as a Consumer and investment Good – Valuation of Health – Externalities in Health care – Economic Evaluation in Healthcare.

Unit IV

Market Configuration – Price determination under different market conditions – nature and Characteristics of Health care markets - Demand for and supply of Health care services- Market failures and Government intervention and control.

Unit V

Health care indicators – Health policies - Health care expenditure – Financing of Health care, Allocations under 5 year plans.- National rural Health Machine (NRHM) – Human Development indices.

Unit VI

Trends in Healthcare – Changing demography – Medical Technology and Escalating Health costs – Public - Private Partnership -effects of Globalization.

SEMESTER-III: Health Care Management- Elective

MBA3E36 HOSPITAL ADMINISTRATION

Objective	To a provide a broad picture about the different aspects of hospital administration as a specialty		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per week	3 Hrs.End Sr.Exam : 80 Marks

Unit I

Hospital-Introduction-to give an idea about hospital and its role-peculiarities and factors influencing hospital care and role of hospital administrator to solve them

Unit II

History & Development of hospitals-Definition-Types of hospitals-Control-role and function- Hospitals in India-today-their number, types, size, distribution, ownership, utilization, issues and trends.

Unit III

Hospital Administration as a specialty-Role and function of hospital administrator-hospital as an organization-profile of hospital administrator-Role of hospital administration in education and research.

Unit IV

Hospital as system-System approach to hospital administration-Hospital as a system-system approach to hospital administration.

Unit V

Administration of specific issues-Human Relation and employer welfare-public relation and hospital training of medical and paramedical manpower in hospital

Unit VI

Interpersonal relationship- conflict management-stress management-counseling-occupational safety.

Reference Books:

1. Principles of Hospital Administration :Tabish, Jaypee
2. Management of Hospital :S.L Goel & Kumar
3. Hospital Administration :Sekharkar
4. Hospital Administration :Srinivasan

SEMESTER-IV: Health Care Management- Elective Courses

SEMESTER-IV: Health Care Management- Elective

MBA4E37 HOSPITAL PLANNING AND ENGINEERING

Objective	Aims at providing an understanding about hospital planning and supportive services		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per week	3 Hrs.End Sr.Exam

Unit I

Introduction to better patient care –Hospitals-beds-utilization-personnel-assets-finances

Unit II

Surveying the community-Area wide planning-planning for general Hospital service- determining the logical centers for hospital location-determining the area served by them-non acceptable hospitals-occupancy and bed ratios- determining the size and kind of hospital service

Unit III

Quality of facilities and services- evaluating the natural and human resource of each area in terms Sourcing finance- hospital constitution.

Unit IV

Functional plans for hospital construction -Role of hospital consultant-planning stage: role of architect-working drawings-legal formalities-the hospital site-design considerations- environments regulations-equipment planning-bed distribution-space requirements-their relationships- construction costs.

Unit V

Functional Hospital Organization -Hospital code of ethics-medical ethics-standards for hospitals- standards for hospital accreditation- accreditation standards for extended care facilities- Medical Specialties - Overview of the functions and sphere of each specialty- oncology- general medicine- cardio thoracic gastroenterology-urology-radiology-psychiatry-endocrinology-neurology- ophthalmology- medical services-surgical services- operation theatre- maternity services- dental services.

Unit VI

Supportive Services -Clinical Laboratories- radiological services- medical records- front office- billing-staffing- housekeeping- transportation- dietary services- emergency services- infection control- mortuary services.

Reference Books:

1. Hospital Planning, WHO, Geneva, 1984.
2. Hospital Planning, Design and Management : Kunders G.D., Gopinath S., and Katakam A
3. Encyclopedia of Hospital Administration and Development : Arun Kumar, (ed
4. Managing a Modern Hospital : Srinivasan, A.V. (ed),

SEMESTER-IV: Health Care Management- Elective

MBA4E38 PATIENT BEHAVIOUR AND CARE

Objective	Provides an understanding about the significance of quality health care , patient's rights, responsibilities of hospital staff etc.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per week	3 Hrs.End Sr.Exam : 80 Marks

Unit I

Introduction – Patient Rights -Patient Behavior– Models of Patient Behavior-Patient Motivation –Patient Perception – Attitudes – Attitude Change – Personality-Patient Involvement and Decision Making- Reference Group Influence – Opinion Leadership – Family Decision Making-

Unit -II

Policies and procedures of the hospitals for patients and personnel-Service Buying Behavior – Psychographics – Lifestyles – – Information Search Process – Evaluating Criteria-Audit of Patient Behavior.

Unit -III

Patient care -Importance of improving the quality care of patients- role of natural and human resources in patient care management- patient counseling- for surgical procedures, for treatment- grief counseling- protocols- medicare standards.

Unit -IV

Hospital Administration -Role of Medical Superintendent-Hospital Administrator- Resident Medical Officer-Night duty Executive-Public and guest relation- importance in patient care- information regarding patients- code of press relations- medical information- patient information booklets- attendants' management.

Unit -V

Legal responsibilities -Essential documents-state licensure-civil rights-authority of examination- treatments-autopsy-responsibilities of medical staff – insurance-use of investigational drugs

Unit VI

General policies and procedures of the hospitals for patients and personnel-need-legal implications- Pollution Control Board act-safe collection-segregation-disposal-dumping-incineration and training.

Reference Books:

1. Hospital Administration and Planning : Llewellyne Davis and H.M. Macacaulay,
2. Hospital and Health services Administration Principles and Practice : Syed Amin Tabish,

SEMESTER-IV: Health Care Management- Elective
MBA4E39 PATIENT CARE MANAGEMENT

Objective	To understand the processes and details related to effective patient Care and to further increase the satisfaction levels of patients.		
Pedagogy	Lectures, Assignments, Practical exercises, Case discussion and Seminars etc.		
Elective Course	4 Credit	4 teaching hrs. per week	3 Hrs. End Sr.Exam : 80 Marks

Unit-I:

Patient Centric Management: Concept of patient care, Patient-centric management, Organization of hospital departments, Roles of departments & managers in enhancing care, Patient behavior - psychographics, Patient counseling & Practical examples of patient centric management in hospitals. Patient identification and identification errors.

2. Principles of risk management and insurance : George E .Rejda
3. Risk management and Insurance by Harrington : Niehaus
4. Management of Indian Financial System : Srivastava,RM
5. Development Banking in India and abroad : Srinivasan, Saravanavel & Kalyani

SEMESTER- IV: Banking and Insurance Management- Elective**MBA4E48 BANKING TECHNOLOGY MANAGEMENT**

Objective	To understand the use of technology in different aspects of bank management and to familiarize with the current trends in its application		
Pedagogy	Lectures, Assignments, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per week	3 Hrs.End Sr.Exam

Unit I

Introduction and evolution of bank management - Branch operation and core banking – Technological impact in bank operation- Total branch computerization- concept of opportunities- centralized banking – concept, opportunities ,challenges, and implementation

Unit II

Delivery channels – over view of delivery channels – Automated Teller Machine – Phone banking – call centers – Internet banking – Mobile banking – Payment gate way – card technologies- MICR Electronic clearance

Unit III

Back office operation- Bank back office management- Inter branch reconciliation- Treasury management- Forex operation – Data centre management- Net work management – Knowledge management (MIS/DSS/EIS)

Unit IV

Interbank payment system- Inter face with payment system net work- structured financial messaging system- Electronic fund transfer – RTGS- Negotiated dealing system and securities settlement system- Electronic money – E-cheque

Unit-V

Contemporary issues in banking technologies- Analysis of Rangarajan Committee Report- E-Banking – Banking software – Analysis of Recent core banking software

Text Book

1. E-Banking : Vasudeva
2. E-Indian Banking : Kaptan S S & Choubey N S

Reference Books

1. Financial service Information system : Jessica Keyes
2. Banking Technology : Indian Institute of Bankers
3. Data base Management System : Panneerselvam,
4. Management Information System - Text and applications : Murthy CVS,
5. Banking with Technology : R.K.Uppal
6. Banking Information Technology and Management : N.Tejmani Singh

SEMESTER- III : Retail Management- Elective courses

MBA3E49 : INTRODUCTION TO RETAILING

Objective	The prime objective of the subject to give indepth understanding of all aspects of retail business. This course provides an understanding of retailing as an Economic and social process		
Pedagogy	Lectures, Assignments, Practical, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per	3 Hrs.End Sr.Exam : 80 Marks

Unit I

Overview of Retailing Management: Introduction to retailing, concept, Nature, scope, Functions of retailing; Building and sustaining relationships; Retail organization structure, Retail management process Types of Retail Outlets, Market structure and control; Planning and development

Unit II

Retail Management Situational Analysis: Retail institutions by ownership; Retail institutions by store based strategy mix; Web, non store based, and other forms of nontraditional retailing;

Unit III

Targeting customers and gathering information; Communicating with customers; Market/competitors, Promotional strategies Choosing a store location: Trading area analysis; Site selection; Store design and layout, Display.

Unit IV

Managing Retail Business: Retail organization and HRM; Operations management: financial and operations dimensions; Managing retail services; Service characteristics; Branding: perceptions of service quality, sales force management

Unit V

Retail Information Systems; Merchandise management and pricing: Merchandise plan, Merchandise buying and handling, people in retailing

Unit VI

International Retailing: Internationalization and Globalization; Shopping at World stores; Going International; The Internationalization process; Culture, business and international management

Text Books:

1. Retail Management : Berman B and Evans J R
2. Retailing Management : Michael Levy M and Weitz B W
3. Retail Management : Vedamani G Gibson

Reference Books:

1. Retailing: Environment and Operations : Newman A J and Cullen P,
2. Principles of Retail Management : Varley R and Rafiq M
3. The Art of Retailing : Lamba

SEMESTER- III : Retail Management- Elective

MBA3E50- RETAIL SHOPPER BEHAVIOUR

Objective	To understand various aspects of retail shoppers behavior and attitude		
Pedagogy	Lectures, Assignments, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per	3 Hrs.End Sr.Exam : 80 Marks

Unit I

Retail Shopper Behavior – Profile of Indian Retail and Retail shoppers – Indian Retail shopping environment – Changing trends in shopping behavior – Need and importance of the study of shopping behavior.

Unit II

Shopping Process –Dimensions and approaches to retail shopping behavior –Pre shopping, shopping and post shopping behavior –Diffusion of innovations in retail context.

Unit – III

Internal Influences on shopper behavior –Personal – attitude, perceptions, learning, personality, lifestyle and self-image.

Unit IV

Role of communication: Inter personal Communications, persuasion, family, group, and store’s employees.

Unit – V

External Influences on shopper behavior –External – store location, Shop atmospherics- social, cultural, cross cultural – online retail shoppers behaviour- Technology influence on shopper behaviour.

Unit – VI

Additional Dimensions –Customer Relationship Management – its impact on retail shopper’s behaviour – complaint management system – lifetime value of retail shoppers – Emerging issues.

Text Books

1. Consumer Behaviour : Leon G. Schiffman, Leslie Lazar Kanuk,
2. Consumer Behaviour in Indian Context : K.K.Srivastava.

Reference Books

1. Consumer Behaviour : David L.Loudon, Albert J Della Bitta
2. Behaviour an Indian Perspective : S.L. Gupta & Sumitra Pal, “Consumer
3. Shopper, buyer & consumer Behaviour, Theory and Marketing application : Jay D. Lindquist and M.Joseph sirgy

SEMESTER- III : Retail Management- Elective

MBA3E51 RETAIL STORES AND OPERATIONS MANAGEMENT

Objective	The objective is to understand the day to day processes of running different formats of retail stores		
Pedagogy	Lectures, Assignments, Practical , Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per	3 Hrs.End Sr.Exam: 80 Marks

UNIT –I

Setting up a Retail organization, Size and space allocation, location strategy, factors affecting the location of Retail, Retail location Research and Techniques –location theories.

Unit- II

Store Design: Exterior and Interior- Engineering aspects- Legal implications.

UNIT – III

Store Layout and Space planning, Types of Layouts, role of Visual Merchandiser, Visual Merchandising Techniques, Controlling Costs and Reducing Inventories Loss, Exteriors, Interiors.

UNIT – IV

Store Management, Responsibilities of Store Manager, Store Security, Parking Space Problem at Retail Centers,

Unit -V

Store Record and Accounting System, Coding System, Material Handling in Stores, Mall Management, Factor influencing Mall establishments.

UNIT –VI

Logistic and Information system, Improved product availability, Improved assortments, Strategies, Quick Response System.

Text Books

1. Retailing Management : Swapana Pradhan
2. Retail Marketing : David Gilbert
3. Mall Management (Indian Perspective) : Harvinder Singh & Srinivasiyan

Reference Books

3. Retailing : George H, Lucas Jr., Robert P. Bush, Larry G Greshan
4. The Art of Retailing : A. J. Lamba
5. Retail Management : A Strategic Approach Barry Berman, Joel R Evans

SEMESTER- III : Retail Management- Elective

MBA3E52 RETAIL SALES PROMOTION

Objective	To Provide conceptual basis of Retail Sales Promotion		
Pedagogy	Lectures, Assignments, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per	3 Hrs.End Sr.Exam: 80 Marks

UNIT I

Retail Promotion Mix – Introduction – Components of retail promotion mix – Retail formats and promotion strategies – Factors influencing promotion strategies – Integrated promotion strategies.

UNIT II

Financial Implications- Estimating retail promotion budget – Criteria for budget allotment – Market led and manufacturer led promotion budgets

UNIT III

Cost benefit analysis of retail sales promotion.

UNIT IV

Retail Advertising-Types of advertisements – Designing advertisements – Media plan – Specific features of retail advertisements – Measuring retail advertisement effectiveness – Online advertising.

UNIT V

Publicity and Personal selling –Role of publicity – Types of publicity – Selection of sales persons – Training motivation – Performance appraisal – Role of call centres and BPO's in sales promotion – Designing Public relation as a promotion technique.

UNIT VI

Online Sales Promotion – Viral marketing –Designing websites – Attracting and retaining online customers– Customer Response Management.

Text Books

1. Retail Management : Barry Berman & Joel R.Evans
2. Retail Sales Promotion & Consumer Behaviour : Gopal Das
3. Retail Management : Pandit, Weitz & Levy

Reference Books

1. Retail Advertising and Sales Promotion : Edwards and Howard
2. Masterminding the Store : Donald Ziccardi
3. Retail Marketing : Malcolm Sullivan & Dennis Adcock

SEMESTER- IV : Retail Management- Elective courses

SEMESTER- IV: Retail Management- Elective

MBA4E53 VISUAL MERCHANDISING

Objective	To Provide knowledge about visual merchandising and core designing strategies that can influence a customer at a retail outlet		
Pedagogy	Lectures, Assignments, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per	3 Hrs.End Sr.Exam: 80 Marks

Unit – I

Introduction to Visual Merchandising: Definition, need, significance and importance, use of design elements in creating various moods and impressions in visual merchandising.3D visual merchandising systems.

Unit – II

Assortment planning–Visual data management, Visualization and printing, Image mix.

Unit – III

Core Design Strategies, Principles of design, balance of a display, point of emphasis in a display, rhythm in a display, harmony in a display.

Unit – IV

Color principles : Identify the basic colors and their properties. Explain the psychological effects of color,Identify basic color schemes.

Unit – V

Display: Mannequins and its Alternatives, window display, Display materials, types of ready – made materials used to construct displays, use of paper and fabric in display.

Unit -VI

Store Ambience: Layout and Fixture, Wall Set Ups, Lighting and atmospherics. Optimizing techniques in retail space. Security and theft prevention through visual merchandising and store planning, Customer safety.

Text Books:

1. Visual Merchandising : Swati Bhalla & Anuraag Singhal
2. Visual Merchandising and Display : Martin M. Pegler
3. Retail Merchandising : S. Pradhan

Reference Books

1. Visual merchandising: the Business of Merchandise Presentation : Robert Colborne:
2. Visual Merchandising: Principles and Practice : Richard Carty:

SEMESTER- IV: Retail Management- Elective

MBA4E54 RETAIL LOGISTICS

Objective	To understand the supply chain and logistics involved in retailing		
Pedagogy	Lectures, Assignments, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per	3 Hrs.End Sr.Exam

UNIT I

Introduction to retail logistics management – Elements of retail logistics – Retail logistics structure – Importance.

UNIT II

Logistics Network –Retail logistics network design – Transportations – Modes of transportations – Transportation costs.

UNIT III

Warehouse and Inventory- Location of warehouse- Classes of warehouse – Inventory management – Procurement management

UNIT IV

Merchandise Planning – Space planning – Assortment and category management. Packaging and scope in retail logistics – Insurance of retail products.

UNIT V

Supply Management and outbound logistics – Supply chain Integration – Measurement of performance of logistics – Computer application

UNIT VI

Retail logistics trends- budgetary implications- online tracking etc..

Text Book

1. Logistics & Retail management : John Fernie & Leigh Sparks
2. Supply Chain Management : Sunil Chopra & peter Meindl

Reference Books

1. Management of Business Logistics : Coyle Barbi and Langle y
2. Logistics Engg &Management : Benjamin S. Blanchand
3. Logistics & supply chain Management : Martin Christopher

SEMESTER- IV: Retail Management- Elective**MBA4E55 INFORMATION TECHNOLOGY IN RETAIL MANAGEMENT**

Objective	To acquaint the students with technological aspects in Retail Management		
Pedagogy	Lectures, Assignments, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per	3 Hrs.End Sr.Exam: 80 Marks

UNIT - I

Role of IT in Business, Influencing Parameters for use of IT in Retailing, IT Options Available to Retail, IT Application for Retail, Advantage of IT Application to Retail.

UNIT - II

Collection of Data/Efficiency in Operations help in Communication, Computer Awareness and Different Financial Packages, Bar Code Scanners, RFID Tags & QR Code Scanners

UNIT - III

Issues Concerning the Use of Internet and Related Technology to Improve Retail Business- How Firms are using the Internet to expand their Markets

UNIT - IV

Emphasize Analysis of Consumer and Product/Service Types on Online Retailing, Effective Management of Online catalogues, Direct Retailing Methods that Involves Technology such as Interactive TV and Mobile Commerce.

UNIT - V

Electronic Data Interchange, Database Management, Data warehousing, Critical Analysis of E-Retailing Strategies

UNIT - VI

Customer Relationship Management and increase their sales – Recent developments.

Text Books

1. Information Technology for Retailing : Ajeet Khurana
2. Information Technology for Retail : Giridhar Joshi

Reference Books

1. Marketing your Retail Store in the Internet Age : Bob & Susan Neegan
2. Retail Management : Vedamani G Gibson

SEMESTER- IV: Retail Management- Elective**MBA4E56 - INTERNATIONAL RETAIL MANAGEMENT**

Objective	To develop an understanding of what is International Retailing and Global Strategies		
Pedagogy	Lectures, Assignments, Case discussion and Seminars etc.		
Elective Course	4 Credits	4 teaching hrs. per	3 Hrs.End Sr.Exam: 80 Marks

UNIT - I

International Marketing- Concept, Importance, International Marketing Research and Information System, Market Analysis and Foreign Market Entry Strategies, Future of International Marketing, India's Presence in International Marketing

UNIT - II

Internationalization of Retailing and Evolution of International Retailing, Motives of International Retailing

UNIT - III

International Retail Environment – Socio-Cultural, Economic, Political, Legal, Technological

UNIT - IV

Selection of Retail Market, Study and Analysis of Retailing in Global Setting, Methods of International Retailing

UNIT - V

Forms of Entry-Joint Ventures, Franchising, Acquisition

UNIT - VI

Competing in Foreign Market, Multi-country competition and Global Competition, Competitive Advantages in Foreign Market, Cross Market subsidization, Retail Structure, Global Structure.

Text Books:

1. International Retailing : Nicholas Alexander & Ann Mary Doherty
2. International Retail Marketing Strategies : Dr Y Ramkishen

Reference Books:

1. Retailing Management : Swapana Pradhan
2. Retail Management : Priyank Azad
3. Retail Marketing : David Gilbert
4. Retail Management - A Strategic Approach : Barry Berman, Joel R Evans

SEMESTER- III: Airline & Airport Management- Elective courses

MBA3E57 : AIRLINE AND AIRPORT OPERATIONS

Objective	To provide the students with the working of Airline and Airport management and to equip students with a reasonable knowledge of managing Airlines and Airport. The focus is on theoretical knowledge coupled with hands on experience from Airline and Airport.		
Pedagogy	Lectures, Assignment, Practical exercise, Case discussion and Seminar etc.		
Elective Course	4 Credits	4 Teaching hrs. per week	3 hrs. End Sem. Exam: 80 Marks

Unit - I

Introduction: History of Aviation- Development of Air transportation in India-Major players in Airline Industry-Swot analysis in Airline Industry-Market potential of Indian Airline Industry—Current challenges in Airline Industry-Completion in Airline Industry-IATA & ICAO

Unit- II

Airport Management: Airport planning-Operational area and Terminal planning, design, and operation- Airport operations-Airport functions-Organization structure of Airline and Airports sectors-Airport authorities-Global and Indian scenario of Airport management – DGCA –AAI

Unit - III

Air transport Services: International trends-Emerging Indian scenario-PPP- Public Private Participation in Indian Airports-Environmental regulations-Private participation in International developments-Environment regulations-Regulatory issues-Meteorological services for Aviation-Airport fees, rates, and charges

Unit - IV

Airline Operations: Airline Terminal Management-Flight Information Counter/Reservation and Ticketing-Check In/Issue of Boarding pass-Customs and Immigration formalities-Co-ordination-Security Clearance-Baggage and -Handling of Unaccompanied minors and Disabled Passengers-Handling of Stretcher Passengers and Human Remains-Handling of CIP,VIP & VVIP-Co-ordination of Supporting Agencies /Departments.

Unit - V

Logistics & Air Cargo Management: Concept of Logistics- Role of Ware Housing-trend in material handling-Global Supply Chain- Quality concept and Total Quality Management-improving Logistic performance-Air Cargo Concept- Cargo Handling-Booking of Perishable Cargo and Live Animals-Industry Relation- Type of Air Cargo-Air Cargo Tariff, ratios and Charges-Airway Bill, Function, Purpose, Validation.

Text Books:

1. Managing Airport an International Perspective : Graham A
2. Airport Planning and Management : Wells.A
3. The Airport Business: Doganis.R
4. Principles of Airport Management: Alexander T.Well, Seth Young
5. Fundamentals of Airport Transport Management: P.S.Senguttuvan

Reference Books:

1. Principles of Airport Economics: P.S.Senguttuvan
2. Airport Systems - Planning, Design, and Management : Richard De Neufville
3. Strategic Logistic Management : Lambert
4. Hand book of Logistics & Distribution: Alan Ruston & John Oxley,
5. Contemporary Logistics : Paul R. Murphy, JR and Donal & F.Wood

SEMESTER- III: Airline & Airport Management- Elective**MBA3E58 STRATEGIC AIRPORT PLANNING AND MARKETING**

Objective	To acquaint the students with the theories of Airport planning and marketing with a view to study Airport planning and the role of Airport enterprise.		
Pedagogy	Lectures, Assignment, Practical exercise, Case discussion and Seminar etc.		
Elective Course	4 Credits	4 Teaching hrs. per week	3 hrs. End Sem. Exam: 80 Marks

Unit – I

Introduction – Growth of air transport, Airport organization and associations, Classification of airports airfield components, Air traffic Zones and approach areas. Context of Airport system planning – Development of Airport Planning process – Ultimate consumers – Airline decision – Other Airport operations.

Unit– II

AIRPORT CHARACTERISTICS RELATED TO AIRPORT DESIGN -Components Size, turning radius, speed, airport characteristics. CAPACITY AND DELAY: Factors affecting capacity, determination of runway capacity related to delay, gate capacity, and taxiway capacity.

Unit - III

AIRPORT PLANNING AND SURVEYS: Runway length and width, sight distances, longitudinal and transverse, runway intersections, taxiways, clearances, aprons, numbering, holding apron. PLANNING AND DESIGN OF THE TERMINAL AREA: Operational concepts, space relationships and area requirements, noise control, vehicular traffic and parking at airports. AIR TRAFFIC CONTROL AND AIDS: Runways and taxiways markings, day & night landing aids, airport lighting and other associated aids.

Unit– IV

The role and scope of activity of the Airport Enterprise – The economic impact on countries and regions – the main governance patterns in the airport business – The International path of evolution in the air port business – Airport transport value chain – Air enterprises – two primary actors in the air transport value chain – Skipping peripheral positions in the value chain. Rise of airport marketing for the aviation related business - airports market positioning – primary hub – secondary hub – regional airport – all cargo airport – airport positioning criteria – role on the market – identification of partners for airport development – first quantum leap of the airport enterprises – low cost airports – role of helicopters as a complimentary feeder and defender of hub airports – Airport revenue management – Airport alliances – management contract

Unit – V

The Development of the Non Aviation – Related value Proposition. Evolution of traditional Air port – Evolutionary patterns for airport enterprises – Commercial Airport Philosophy – tourist and conference service – logistic services – property management – consulting services – BAA and the non aviation business – best airport in the world: The case of Singapore Airport – Role and meaning of loyalty for a service company – Bench marking airline experience – Provider – Customer relational link – benefits from ALPS implementation of ALPS -

Airport marketing Planning – London city Airport: A best – in – class provider in the Airport business – The Airport industry and An International Picture - Air port business in 2002- US & European performance in 2002 – Asia pacific performance in 2002 – Middle east/Africa in 2002 – Airport business in 2003 – 2005 outlook for the Air transport industry.

Text Book:

1. Strategic Airport Planning : Robert E.Caves & Geoffrey D.Gosling
2. Airport Marketing : David Jarach

Reference Books:

1. Aviation Safety Programs A Management Hand Book: Richard H.Wood
2. Strategic Management : Gregory G.Dess and Alex Miller
3. Strategic Management - An Integrative Perspective:A.C.Hax and NS-Majifu.
4. Marketing Management : Philip Kotler
5. Marketing Management : Rajan Saxena
6. International Marketing : Philip R.Cateora

SEMESTER- III: Airline & Airport Management- Elective

MBA3E59 AIR TRAFFIC CONTROL

Objective	To provide to the students with knowledge in Air traffic control and management.		
Pedagogy	Lectures, Assignment, Practical exercise, Case discussion and Seminar etc.		
Elective Course	4 Credits	4 Teaching hrs. per week	3 hrs. End Sem. Exam: 80 Marks

Unit - I

Human factors in Air traffic Control –Temporal progress in Human Factors in ATC –The circumstances – Background Details – The Human Factors –Preventive measures. Nature of Human Error: Shell model –Modeling Error –Engineering ,Interactive Information Processing – Levels of Behavior – Skill based, Rule Based, Knowledge based – Violations – Decision Making– Action – nature of Intended action – Managing Human error – Individual blame or systemic causal factors.

Unit – II

Information processing – Sensation and sensory memory – Perception – Detection – Attention – Recognition – Decision Making and response selection – the visual system – visual sensation, perception, cognition, imagery – visualization in air traffic control. Auditory cognition – Spatial Orientation – Situation awareness – Mental Models – decision making and Judgment – Cognitive aspects – attitudinal behavioral aspects – selection and training

Unit – III

Introduction – Communication distortion, expectancy, Noise and masking – Interruption – Listening – Selecting – Attending – Understanding – Non-verbal communication – Touch – Body Language – Communication in the ATC environment – communicating within groups – to solve problems – gate keeping – mediating – Criticism – Leadership – Team Building – Stress reduction – Self development and learning – Communication style – teams and Team work – Teams – Conformity – Compliance – Group decision making – group polarization – group think – cultural influences – Team roles – Working with other teams.

Unit – IV

Procedures – Circumstances – Background details – The Human factors – preventive measures – Checklists – Software display. Human machine systems – operational complexity versus Functional capability – Radar service – Procedural service – Future changes in the controlling environment – navigation: GNSS and free flight – surveillance: ADS and ADS-B – Other Human Factor issues in the CNS environment – Design and development – training – licensing

Unit - V

Stress – causes of stress – noise and vibration – stress recognition – Stress management – Estimating stress levels –Changing Attitudes and behavior – Post traumatic stress Disorder – Sleep and fatigue – Circadian Rhythms – Cardiovascular and respiratory systems – The digestive system and the kidneys – Mental performance – psychological problems – performance changes– safety management – A case study – The Mount Erebus Disaster – Individual Performance factors – task factors – organizational culture – ATS organizations.

Text Book:

1. Air Traffic Control-Human Performance Factors : Anne R.Issac & Bert Ruitenberg.

Reference Books:

1. Investigating Human Error : Barry Strauch
2. Staffing the ATM System : Hinnerk Eibfeldt, Mike C.Heil and Dana Broach
3. Innovation and Consolidation in Aviation : Graham Edkins & Peter Pfister

SEMESTER- III: Airline & Airport Management- Elective

MBA3E60 AIRCRAFT MAINTENANCE MANAGEMENT

Objective	To give the students full ideas about Aircraft maintenance and management in a international environment.		
Pedagogy	Lectures, Assignment, Practical exercise, Case discussion and Seminar etc.		
Elective Course	4 Credits	4 Teaching hrs. per week	3 hrs. End Sem. Exam: 80 Marks

Unit I

Maintenance: Role of the Engineer & Mechanic – Two Types of Maintenance-1. Reliability - 2. Redesign – Failure Rate Patterns – Establishing a Maintenance Program. Development of Maintenance Programs: Introduction – Maintenance steering Group (MSG) approach – Process & Tasks – Oriented Maintenance – Maintenance Program Documents – Maintenance Intervals defined – Changing Basic Maintenance Intervals. Goals and Objectives of Maintenance – Program Content – Discussion of the five objectives. Aviation Industry Certification Requirements – Introduction – Aircraft Certification Delivery Inspection – Operator Certification – Certification of Personnel – Aviation Industry Interaction .

Unit –II

Documentation for Maintenance: Types of Documentation – Manufacturer’s Documentation – Regulatory Documentation – Airline Generated Documentation – ATA Document Standards – Summary of FAA Requirements – Additional Maintenance Program Requirements. Maintenance and Engineering Organization: M & E Organizational Chart – General Groupings – Manager Level Functions: Technical Services Directorate – Aircraft Maintenance Directorate – Overhaul Shops Directorate – Material Directorate – Evaluation Directorate. Organizational Structure and the TPPM. Technical Services: Engineering – Introduction – Makeup of Engineering – Mechanics and Engineers – Engineering Department Functions – Engineering Order Preparation.

Unit- III

Production Planning and Control: Introduction – Forecasting – Production Planning & Control – Feedback for Planning – Organization of PP & C. Technical Publications: Introduction – Functions of Technical Publications – Airline Libraries – Control of Publications – Document Distribution. Technical Training: Introduction – Organization – Training of Aviation Maintenance – Maintenance Resources Management – Airframe Manufacturer’s Training Courses – Other Airline Training Courses. Computer Support: What is a computer – Airline uses of Computers – Computer Program Modules – Selecting a computer System

Unit - IV

Line Maintenance (On – Aircraft) – Make up of Line Maintenance – Functions that Control Maintenance – Maintenance Control Centre Responsibilities – Line Maintenance Operations – General – Aircraft Log Book – Ramp and Terminal Operations – Other Line Maintenance Activities – Line Station Activities – Maintenance Crew Skill Requirements – Morning Meeting. Hanger Maintenance (On –Aircraft) – Operation of Overhaul Shops – Shop Data Collection. Material support: Organization and Function of Material – Material Directorate – M & E Support: Organization and Function of Material – Material Directorate – M & E Support Functions of Material – Other Material Functions.

Unit - V

Quality Assurance: Requirement for Quality Assurance – Quality Audits – ISO 9000 Quality Standard – Technical Records – Other Functions of QA. Quality Control: Introduction – Quality Control Organization – FAA and JAA Differences – QC Inspector Qualifications – Basic Inspection Policies. Reliability: Introduction – Types of Reliability – A Definition of Reliability– A Reliability Program – Administration and Management of the Reliability Program. Maintenance Safety: Industrial Safety – Safety Regulations – Maintenance Safety Program – General Responsibilities for Safety – General Safety Rules – Accident and Injury Reporting.

Text Book: Aviation Maintenance Management : Harry A. Kinnison

Reference Books:

1. Risk Management & Error Reduction in Aviation Maintenance : Manoj S. Patankar & James C. Taylor
2. Managing Maintenance Error : James Reason & Alan Hobbs

SEMESTER- IV: Airline & Airport Management- Elective courses

SEMESTER- IV: Airline & Airport Management- Elective

MBA4E61 AIRLINE MARKETING AND STRATEGIC AIRLINE ALLIANCES

Objective	To provide basic knowledge in Airline marketing and regulatory frame work of Air transport, so that students will able to work in Airline institutions.		
Pedagogy	Lectures, Assignment, Practical exercise, Case discussion and Seminar etc.		
Elective Course	4 Credits	4 Teaching hrs. per week	3 hrs. End Sem. Exam: 80 Marks

Unit- I

Market For Air transport Service-Definition-Marketing Mix- stages in the application of Marketing Principles of Airline Management – successful Airlines – definition of market for Air Transport Services – what business are we in –who is the customer –definitions –apparent and true needs – Industrial Buying Behavior –customer business Air Travel market –leisure air travel market – Air Freight Market – market segmentation – concept- segmentation variables in the air passenger market-customer requirements-demographics and psychographics-the leisure segment of demand – air freight market-differences between the passenger and air freight markets. Marketing Strategy: PESTE analysis : political factors – economic factors – social factors – technological factors – environmental factors – introduction of Airline Business and Marketing Strategies – Porters Five Forces and their application to the Airline Industry – strategic families – differentiation airlines – the future – focus strategies – Airline Business and marketing strategies– common mistakes

Unit - II

Product Analysis-What is product- theory of product analysis and its application to the Airline Industry – fleet and schedules – related product features – customer service – related product features – controlling product quality – introduction of Pricing and revenue management – building blocks in airline pricing policy – uniform and differential pricing – the structures of air freight pricing-Distribution Of Product And Brand Relationship-Distribution channel strategies – The Travel Agency Distribution system – Global Distribution System (GDS) –Distribution Channels in the Air Freight market – Brands and Commodities – Brand –Building in the Airline Industry – Brand Strategies

Unit - III

Promotion Marketing-Fundamentals of relationship marketing – components of a relationship marketing strategy – frequent flyer programmers –the anatomy of a sale – sales planning – marketing communication techniques – airline advertising – selling in the air freight market – glossary of aviation terms and marketing terms.

Unit –IV

The regulatory framework of Air Transport- Economic characteristics of the Airline Industry- Benefits of scale, scope and density in Air Transport-Types of Alliances between Airlines- Current Airline Alliance group-Cases of failed Airline Alliances-A Historical glimpse at Alliancing objectives-Reasons for Airlines building Alliances-Objectives of Alliances- Introduction- Marketing-driven objectives for alliances-Turbulence in marketing channels- Changes to airline marketing-Determinates of alliance image-Benefit challenges and cost of alliance brand association-Marketing and information. Performance measurement in airlines-Measuring the performance impact of alliance-Time continuum in performance assessment- Traffic and revenue enhancement-Cost-Productivity-Profitability.

Unit - V

Introduction –Sources of financial benefits –Labour cost reduction –Cost reduction in sourcing – marking financial benefits come true- Airline views on financial benefits –Traffic increase- revenue enhancement- Cost reduction-Profit improvement. The structure of alliance groups- The airline alliance group as a hybrid organization-The airline alliance group as an industrial network. Airline alliance groups as multinational corporations - The problem of local rationales.

Introduction- Success drivers in airline business- Premises and objectives – Finding suitable partners – governance structure- degree of integration and trust- Organization's commitment- Ensuring flow of information- Performance evaluation-Managing cultural differences- In conclusion. Scenarios for the future- The internal dynamics of alliancing- a look into the future of airline alliance groups.

Text Book:

1. Airline Marketing and Management:Stephen Shaw
2. Managing Strategic Airline Alliances: Birgit Kleymann & Hannu Seristo

Reference Books:

1. Marketing Management : Philip Kotler
2. Marketing Management : Ramaswamy & Namakumari
3. Global Marketing Management : Warren J.Keegan
4. Strategic Management –An Integrated Approach : Hill Jones
5. Strategic Management Concept & Cases :Thomson & Strictland
6. Cases in Strategic Management : S.B.Budhiraja & M.B.Athreya.

SEMESTER- IV: Airline & Airport Management- Elective

MBA4E62 AVIATION SAFETY AND SECURITY

Objective	To acquaint students with knowledge in aviation safety and security.		
Pedagogy	Lectures, Assignment, Practical exercise, Case discussion and Seminar etc.		
Elective Course	4 Credits	4 Teaching hrs. per week	3 hrs. End Sem. Exam: 80 Marks

Unit - I

A National security asset: importance of Air transportation – Airways – Development of the Aviation industry – Deregulation – Consequences of 9/11 to the industry – Emergency Funding – Protecting Public Air transportation. Hijacking – Security Measures – International Prospective – Trend begins – Aviation regulations – Airport security – New Carrier rules – New Airport Operator rules – Resistance Fades – Public Law 93 – 366 – threat warnings – Presidents Commission – Aviation Security Improvement Act of 1990 – Civil Aviation Security – research and Development – Lot of Talk: Crimes against Humanity – Convention – Tokyo – Hijacking , Montreal- Bonn Agreement – Diplomatic Conference on Air Law – Ministerial Conference on Terrorism – Financing of Terrorism – United Nations – ICAO/ECAC

Unit - II

Aircraft as Missiles: Early Hijackings – Terrorist Hijackings Spread – Initial Public response – Cockpit Doors – Profile of a Hijacker – Sky Marshal Program/Federal Air Marshal Program – History of Significant Air hijackings since 1972.The Roots remain: Introduction – Causes of Terrorism – Middle East – Rival Claims – Palestinian Liberation Organization – Abu Nidal – Hamas – Iranian Support of Terrorism – Hezbollah – Afghanistan: Osama Bin Laden – Europe – Japan – Peru – Russia – US – Domestic Terrorism – Nuclear Terrorism. The Best Defense: Introduction – Counter terrorist Units – Enforcement – central, Defense Intelligence Agency.

Unit - III

Screening: The last line of Defense – Introduction – Facilities – Screening check Point Augmentation – Law enforcement Officers at the gate – Flexible Law enforcement response Program – Public and Private Security Interface. Airborne Aircraft Security. Increased Supervision: Introduction – Criminal Guards – Ergonomic Solutions – potential Operator concerns – measuring operator Performance – The public tolerate the intrusion – Introduction – Metal detectors – Selecting a metal detector – Hand Held Body Scanners – X-ray inspection units – Passive and active metal detectors – Wave imaging – Selecting an X- Ray unit – Sizes – Film and Laptops – Details of X-ray unit – US standard for radiation exposure – New computer software – Trace – Detection technology – Tangents – conclusion.

Unit - IV

A Loose End : Introduction – Cargo Carrier responsibility – Air cargo security – Suicides – Baggage Tags – Passenger/ Baggage reconciliation – Airport lockers – Container hardening – Blast containment versus blast management – Airmail security – Indirect air carriers – known and unknown shipper – Vacuum chambers – Inspection of cargo – International Air cargo standards – Irelands air Cargo Security Program – TSA inspection of Air port – Conclusion. A slippery slope: Introduction – Fourth Amendment – Administrative search exception – Balancing Approach – Less intrusive alternatives – Stop and frisk exceptions – Individual stop and frisk search – Selective class stop and frisk search – Consent exception – Fourth amendment requirements – reasonableness – probable cause – Exclusionary rules – Police participation – Non- Violent threats – Passenger’s right to terminate a search – Alternate view point – the war on drugs – New law and technologies – Conclusion . Foreign Airport Security: Introduction – ground Security – American assessments – diversion airports – Aviation safety assessment program – Legal Remedies – Profiling – Bomb sniffing dogs – Conclusion.

Unit - V

Technological Improvements: Some intrusive and some not: Introduction – Core commission – Micro wave Holographic Imaging – Body orifice security scanner – Flight Vu™ Aircraft data scanner – New Generation of video security systems – Bio simmer™ quadruple resonance device – Intelliscan™ - 12000 Metal Detector-Biometric systems - FACEIT™ Access controls – Imaging Technologies – Conclusion. The Foundations of Security: Introduction – Airport/Runway incursions – Passenger interference – Conventional weapons – explosives – Nuclear weapons – Biological weapons – Conclusions. Another Foundation: Introduction – Access control – exterior alarm sensors – Control room – no power/ security – media intrusion – computer security – conclusion.

Text Book:

1. Aviation and Airport Security : Kathleen M. Sweet.

Reference Books:

1. Aviation in Crisis – Ruwantissa I.R.Abeyrante.
2. Aviation Safety Programs-Richard H.Wood.

SEMESTER- IV: Airline & Airport Management- Elective**MBA4E63 : AVIATION LEGAL ENVIRONMENT**

Objective	To provide students with legal aspects of airport and airline management.		
Pedagogy	Lectures, Assignment, Practical exercise, Case discussion and Seminar etc.		
Elective Course	4 Credits	4 Teaching hrs. per week	3 hrs. End Sem. Exam: 80 Marks

Unit - I

DGCA-Introduction to Directorate General of Civil Aviation-DGCA functions-DGCA Organization-DGCA as Regulatory Authority

Unit – II

Regulations-Aircraft Act 1934- The Aircraft Rules 1937

Unit - III

National Legislations -The Air corporations Act, 1953 (27 of 1953) - The Air Corporations (Transfer of Undertakings and Repeal) Ordinance, 1994(4 of 1994) - The Air Corporations (Transfer of Undertakings and Repeal) Act, 1994 (13 of 1994) - The International Airports Authority of India act, 1971 (43 of 1971) - The National Airports Authority of India, 1985 (64 of 1985) - The Airports Authority of India Act 1994 (55 of 1994) - The Carriage by Air Act, 1972 (69 of 1972) - The Tokyo Convention Act, 1975 (20 of 1975) - The Anti-hijacking Act, 1982 (65 of 1975) - The suppression of unlawful acts against safety of Civil Aviation Act, 1982 (66 of 1982)

Unit - IV

Civil Aviation Requirements (CAR) : Section 1: General - Section 2: Airworthiness - Section 3: Air Transport - Section 4: Aerodrome standards and Air Traffic Services - Section 5:Air Safety - Section 6: Design standards and type certification - Section7: Flight crew standards, training and licensing - Section 8-Aircraft operations

Unit- V

International Conventions: The Chicago conventions, 1944 - The International Air Services Transit Agreement, 1944 - The International Air Transport Agreement, 1944 - The Warsaw Conventions, 1920 - The Geneva Convention, 1948 - The Rome Convention, 1952 - The Tokyo Convention, 1963

Reference Book: Aircraft Manual, C.A.R.Sec.II

SEMESTER- IV: Airline & Airport Management- Elective**MBA4E64 AVIATION RESOURCE MANAGEMENT**

Objective	To impart with aviation resource management including crew management and cabin teamwork and selection and training.		
Pedagogy	Lectures, Assignment, Practical exercise, Case discussion and Seminar etc.		
Elective Course	4 Credits	4 Teaching hrs. per week	3 hrs. End Sem. Exam: 80 Marks

Unit- I

Crew Resources Management: The role of crew resources management – The trouble with culture –

Creating and implementing human factors' safety culture – human assessment – traditional flight crew and

CRM training in general aviation – crew concepts in the air ambulance services.

Unit- II

The Aircraft Cabin: Safety issues in capital – cabin crew communication – service, teamwork and

flight safety –flight attendants' job performances and job satisfaction.

Unit- III

Fatigue and Stress: Fatigue management in aviation – Fatigue in air activity – Stress

management – the physiological factor

Unit- IV

Selection and Training: Job requirements of Airline Pilots – Pilot selection process – Personality test for

traffic controllers – training of pilots and crew members – the link between human factors and organizational learning.

Unit- V

Aviation Information and Management: Structure of aviation operational information, management of

aviation operational information – User innovation in Aviation operational information – Future of Aviation operational information

Text Books:

1. Crew Resource Management : Brain Mc Allister
2. Pilot Judgement & Crew Resource Management : Jensen
3. Aviation Information Management : Thomas L Seamster,
4. The Aircraft Cabin –Managing Human Factors : Mary Edwards& Elwyn Edwards
5. Human Factors in Flight : Frank H Hawkins

Reference Books:

1. Aviation Information Management : Thomas L Seamster & Barbara G Kanki.
2. Crew Resource Management: Eduardo Sales, Katherine A Wilson
3. Human Factors in Multi Crew Flight Operation : Harry W Orlady & Linda M Orlady

Name:

Model Question Paper

**First Semester MBA (CCSS) Degree Examinations,
MBA1C01 – ECONOMICS FOR MANAGERS**

[Time: 3 Hours]

[Max. 80 Marks]

Section A

Answer *two* questions in this Section.

Each question carries 13 marks.

1. a) Read the following case and answer the questions given below.

The following table given the information regarding the units produced, total revenue, and total cost of production of a toy factory. Complete the table.

Units of output	Total Revenue (Rs.)	Total cost (Rs.)	Total Profit	Marginal cost	Marginal Revenue	Marginal Profit
250	1,000	752				
251	1,004	753				
252	1,008	755				
253	1,012	758				
254	1,016	762				
255	1,020	767				
256	1,024	773				
257	1,028	780				
Posers:						

Determine the profit maximising output level.

Is profit maximum at the output where marginal profit equals zero? Is this always the case?

Is profit maximum where total revenue equals total cost?

OR

b) The annual turnover of the company is as follows:

Year	Sales (in thousands of rupee)
2004	29
2005	36
2006	26
2007	36
2008	37

Estimate the annual sales for 2009 with the help of least square method.

[2x13=26 marks]

2. a) Elucidate the laws of variable proportions

OR

b) A monopoly firm has to sell its product in two markets—market 1 and market 2. The price functions for the two markets are given as follows

$$P1 = 500 - Q1$$

$$P2 = 300 - Q2$$

The monopoly firm's total cost (TC) function is given as

$$TC = 50,000 + 100Q$$

Find the following

- i. Profit maximising output;
- ii. Allocation of total output between the two markets;
- iii. Equilibrium price for each market; and
- iv. Total profit at profit maximising output.

[2x13=26 marks]

Section B

Answer any *six* questions in this Section.

Each question carries 1 mark for Part (a), 3 marks for Part (b), and 5 marks for Part ©

3. a) Suppose the demand function for a commodity is given as

$$Q = 12 - P$$

Find the demand and marginal revenue schedules b)

Plot the AR and MR schedules, and

- c) Find marginal revenue when $P = 10, 6$ and 2

4. a) Define isoquant

b) Point out the properties of isoquant

c) Compare and contrast output at two isoquants with the help of a diagram.

5. a) What is oligopoly?

b) Elucidate the features of oligopoly

c) Show graphically the price-output determination under oligopoly

6. a) What is break-even analysis?

b) What purpose does it serve in business decisions?

c) Suppose cost and revenue functions of a firm are given as follows:

$$TC = 500 + 20Q \text{ and } TR = 25Q$$

Find the output that breaks TC and TR even

7. a) Describe price elasticity of demand

b) Explain factors influencing price elasticity of demand.

c) Suppose price elasticity co-efficient for a commodity is estimated at -2 , what does it mean? Comment.

8. a) Define pricing

b) How does the price of a product is determined in a perfectly competitive market?

c) Illustrate and explain how firms under perfect competition find their equilibrium

9. a) What is Total Cost (TC)

b) What is the relationship between average cost and marginal cost?

c) If the marginal cost is rising, does it mean that average cost must also be rising? Explain.

10. a) Describe demand forecasting

b) What do you understand by opinion poll method?

c) What are the possible consequences of a large- scale firm places its product in market without having estimated the demand of its product? [6x9= 54 marks]

**I Semester MBA(CCSS) Degree Examinations,
MBA1C02 - ACCOUNTING FOR MANAGERS**

Time: 3 Hours]

[Max. 80 Marks

Section - A

Answer *two* questions in this Section.

Each question carries **13** marks.

1. a) Discuss how management accounting is a valuable aid to the Management, with its limitation.

OR

- b) From the following Trial Balance of Geevan Thomas as on 31st December,2012. Prepare the Trading and profit and loss account for the year ended 31st December,2012 and a Balance sheet as on that date.

Particulars	Debit Rs.	Credit Rs.
capital		1,00,000
Stock	40,500	
Sales and sales return	7,900	2,71,680
Purchase and purchase return	2,39,750	4,960
Carriage inward	17,340	
Rent	5,340	
Salaries and wages	10,100	
Sundry debtors	26,000	
Sundry creditors		15,100
Bank loan at 6%		35,000
Bank interest	1,000	
Printing and advertising	14,100	
Cash in hand	3,100	
Cash at bank	8,450	
Discount received		3,760
Investment	6,000	

Discount allowed	7,360	
General expenses	3,500	
Bad debts	600	
Insurance	1,700	
Furniture	3,000	
Drawings	8,000	
Machinery	25,000	
Travelling expenses	2,530	
Commission received		770
Total	4,31,270	4,31,270

Additional information:

- i) The stock on December 31,2012 was Rs.70,000
- ii) One third of printing and advertising is to be carried forward to next year.
- iii) Depreciate machinery by 10%
- iv) Create 5% provision on debtors, 2% provision for discount on debtors.
- v) Allow 5% interest on capital
- vi) Rs.1,200 is to be charged as interest on drawings.

2. a) Explain Accounting Principles.

OR

b) Alpha Limited manufactures surgical goods. Its normal production is 2,600 units per month at a total cost of Rs.32000. At full capacity, it can manufacture 3,400 units per month at a total cost of Rs.38000. Calculate

- i) Average cost per instrument under normal operating condition.
- ii) Average variable cost per instrument.
- iii) Total fixed cost
- iv) Average fixed cost under normal operating condition.

[2x13=26 marks]

Section - B

Answer any *six* questions in this Section.

Each question carries **1** mark for **Part (a)**, **3** marks for **Part (b)**, and **5** marks for **Part (c)**

3. a) Define depreciation.
- b) Explain causes of depreciation.
- c) On 1st April, 2007, Arrow Ltd. Purchased machinery costing Rs.1,00,000 and decided to provide depreciation on it @ 10% per annum by using straight line method. The company closes its books every year on 31st March.
- On 31st March, 2011 before providing depreciation, the company decided to change the method of depreciation from straight line method to written down value method retrospectively with effect, 1st April,2007, the rate of depreciation remain the same .

Prepare Machinery account for the year ended 31st March 2011.

4. a) What is Accounting equation?
- b) Distinguish between Trade discount and cash discount
- c) Journalize the following transaction:
- i) Bought goods from Ram Rs.6,000 at a trade discount of 5%
 - ii) Returned to him 50% of the above purchases
 - iii) Settled the account of Ram who allows us a discount of Rs.75.

5. a) Define Marginal cost.
- b) Explain Break Even Analysis with its assumptions.
- c) Assuming that the cost structure and selling price remain the same in the period I and II,

Find out P/V ratio and Break Even point?

<u>Period</u>	<u>sales (Rs)</u>	<u>Toatal Cost(Rs.)</u>
I	1,20,000	1,08,000
II	1,40,000	1,24,000

6. a) What is contribution?
- b) Explain CVP Analysis
- c) Your company has a production capacity of 2,00,000 units per year. Normal capacity utilization is reckoned as 90%. Standard variable production costs are Rs.11 per unit. The Fixed costs are budgeted at Rs 3,60,000/- per year. Variable selling costs are Rs.3 per unit and fixed selling costs are Rs.2,70,000 per year. The unit selling price is Rs.20. In the year just ended on 30th June, 2002, the production was 1,60,000 units and sales were 1,50,000 units. The closing inventory on 30.6.2002 was 20,000 units. The actual variable production costs for the year were Rs.35,000 higher than the standard. The actual fixed production over heads incurred were Rs.3,80,000/- for the year. Calculate the profit for the year by absorption costing method.

7. a) what is book keeping?

b) Mention some International Accounting Standards

c) Explain Accounting Conventions.

8. a) Define Cost Accounting.

b) Explain different elements of cost.

c) The following information has been taken from the records of a factory.

	Rs.
Materials	50,000
Direct wages	40,000
Factory overhead	30,000
Administration overhead	20,000

You are required to find the selling price of a machine costing Rs.4200 in materials and Rs.3000 in wages. So that it yield a profit of 20% on cost.

9. a) Explain BEP.

b) What are Angle of Incident and Margin of Safety?

c) From the following cost data draw break even chart and find the

Breakeven point

Selling price per unit Rs.5

Variable cost per unit Rs.3

Unit sold 2000

Fixed cost Rs.3000

10. a) Distinguish between reserves and provisions.

b) What is profit and loss appropriation account, draw a format and Explain.

c) Write a note on:

i) Preliminary Expenses ii)

Bad debts

iii) Goodwill iv)

Key factor

v) Fictitious asset

Reg. No.....
Question Paper
Name.....

Model

**First Semester MBA(CCSS) Degree Examinations,
MBA1C03 – QUANTITATIVE TECHNIQUES FOR MANAGEMENT**

Time: 3 Hours]

[Max. 80 Marks

Section A

Answer *two* questions in this Section.

Each question carries 13 marks.

1. a) The prices (in Rs) of three X, Y and Z are x, y and z per unit respectively. A purchases 4 units of Z and sells 3 units of X and 5 units of Y. B purchases 3 units of Y and sells 2 units of X and 1 unit of Z, C purchases 1 unit of X and sells 4 units of Y and 6 units of Z. In the process, A, B and C earn Rs.6000, Rs.5000 and Rs.13000 respectively. Using matrices, find the prices per unit of the three commodities.

OR

- b) Calculate the rank correlation coefficient for the following data

X:	68	64	75	50	64	80	75	40	55	64
Y:	62	58	68	45	81	60	68	48	50	70

2. a) To test the significance of the variation of the retail prices of a commodity in three principle cities, Bombay, Calcutta and Delhi, four shops were chosen at random in each city and prices observed in rupees were as follows:

Bombay:	16	8	12	14
Calcutta:	14	10	10	6
Delhi :	4	10	8	8

Do the data indicate that the prices in the three cities are significantly different?

OR

- b) Explain different sampling techniques in detail.

[2x13=26 marks]

Section B

Answer any *six* questions in this Section.

Each question carries 1 mark for Part (a), 3 marks for Part (b), and 5 marks for Part (c)

3. a) Define mutually exclusive events.
b) State the conditions in which Poisson distribution is approximated to Binomial Distribution.
c) A husband and wife appear in an interview for two vacancies in the same post. The probability of husband's selection is $1/7$ and that of wife's selection is $1/5$. What is the probability that
a) Both of them will be selected
b) Only one of them will be selected, and
c) None of them will be selected
4. a) What is regression analysis?
b) Explain coefficient of determination.
c) In trying to evaluate the effectiveness of an advertising campaign, a firm compiled the following information.

Year	:	1997	1998	1999	2000	2001	2002	2003	2004
Ad Spend ('000 Rs)	:	12	15	15	23	24	38	42	48
Sales (lakh Rs)	:	5.0	5.6	5.8	7.0	7.2	8.8	9.2	9.5

Estimate the probable sales when Ad spend is Rs. 60,000.

5.
 - a) Define the inverse of a matrix.
 - b) Explain the properties of determinants.
 - c) A company manufactures wrist watches for which $p = 1500 - 3x$ represents the demand function, where p is the price per unit and x is the number of units produced. Cost price involves a fixed cost of Rs. 38,400, and a variable cost of Rs.420 per watch. Find the level of production at which the company expects to recover all its costs.
6.
 - a) What is one way classification of variance analysis? Give example.
 - b) Distinguish between type I and type II error.
 - c) Eleven sales executive trainees are assigned selling jobs right after their recruitment. After a fortnight they are withdrawn from their field duties and given a month's training for executive sales. Sales executed by them in thousands of rupees before and after training, in the same period are listed below:

Sales ('000 Rs) (Before training):	23	20	19	21	18	20	18	17	23	16	19
Sales ('000Rs) (After training):	24	19	21	18	20	22	20	20	23	20	27

 Do these data indicate that the training has contributed to their performance?
7.
 - a) Explain Central Limit Theorem.
 - b) What are sampling and non-sampling errors?
 - c) Distinguish between Census and sampling. Also explain their advantages and disadvantages.
8.
 - a) Bring out the requisites of a good average.
 - b) Distinguish between Skewness & Kurtosis.
 - c) Mr. X started for village which was at a distance of six km. He travelled in his car at a speed of 40 km. per hour. After travelling for 4 km. the car stopped running. He then travelled in a rickshaw at a speed of 10 km. per hour. After travelling a distance of $1\frac{1}{2}$ km. he left rickshaw and covered the remaining distance on foot at speed of 4km. per hour. Find the average speed per hour of Mr. X.
9.
 - a) Define skew-symmetric matrix with an example.
 - b) A trust fund has Rs. 30000 that must be invested in two different types of bonds. The first bond pays 5% interest per year, and the second bond pays 7% interest per year. Using matrix multiplication, determine how to divide Rs.30000 among the two types of bonds if the trust fund must obtain an annual total interest of Rs. 1800.
 - c) Solve the following equations by matrix method:

$$\begin{aligned} x - y + z &= 4 \\ 2x + y - 3z &= 0 \\ x + y + z &= 2 \end{aligned}$$

10. a) Define Classical definition of probability.
b) Explain the properties of Normal distribution.
c) The probabilities of X, Y and Z becoming managers are $\frac{4}{9}$, $\frac{2}{9}$ and $\frac{1}{3}$ respectively. The probabilities that the Bonus scheme will be introduced if X, Y and Z become managers are $\frac{3}{10}$, $\frac{1}{2}$ and $\frac{4}{5}$ respectively.
(i). What is the probability that the bonus scheme will be introduced?
(ii). If the Bonus scheme has been introduced, what is the probability that the manager appointed was X?

[6x9= 54 marks]

**First Semester MBA (CCSS) Degree Examinations
MBA 1C04 INDIAN BUSINESS ENVIRONMENT**

Max Marks: 80

Time: 3 hrs

Section A

Answer two questions in this Section.

Each question carries 13 marks.

1 a. Enumerate the impact of Uruguay Round Agreement on Indian business.

OR

b. Discuss the process of Environmental analysis and techniques of Environmental forecasting.

2 a. Explain the constituents and functions of Indian money market.

OR

b. What are the functions and impact of National Knowledge Commission on Indian IT Industry?

(2 x 13 = 26 Marks)

Section B

Answer any six questions in this Section.

Each question carries 9 Marks (1 mark for Part (a), 3 marks for Part (b), & 5 marks for Part (c))

3 a. What is meant by Business Ecology?

b. Discuss the macro-business environment.

c. What do you mean by Environmental Scanning?

4 a. What is the difference between Developing and Developed Economies?

b. Discuss the immediate impact of Liberalization policy in 1991 on Indian industry.

c. Describe the mechanism of VAT administration in India.

5 a. What is meant by Demographics of a Business.

b. How does Culture influence Business. Explain.

c. How does social and cultural environment influence the business performance in India? What are the ethical issues involved? Explain.

6 a. What is meant by the Social Impact of Technological Environment.

b. Critically evaluate the impact of Outsourcing on Indian Knowledge Sector.

c. The weakness in R&D orientation in Indian Industry limits the competitiveness of Indian Manufacturing sector. Comment.

7. a. What do you mean by Industrial Sickness.
b. Critically evaluate the importance of Five Year Plans post liberalization in India.
c. Highlight the importance of National Green Tribunal in the era of Urbanization in India.
- 8 a. What is meant by IPO?
b. Discuss the functions of SEBI.
c. Explain the role played by CII in strengthening the Indian Industry.

9. CASE STUDY

Indian leather exports, an important foreign exchange earner for the country has been reportedly hit hard by the decision of some major US retailers like Eddie Bauer, LL Bean, Timberland and Casual Corner and a German Company, Bader, to boycott leather goods from India in protest against the ill-treatment of animals here. This move came shortly after a decision by global retail chains Gap, Marks & Spencer, Liz Claiborne and J Crew not to buy Indian leather goods. This development has a lot to do with the lobbying by the US Based animal rights group, People for Ethical Treatment of Animals (PETA) for a ban on leather goods from India by documenting evidence of “cruelty to animals” killed for making leather. It has been reported that the overseas firms have officially communicated to the Indian outfit of PETA that they will not be sourcing leather products from India until there is strict enforcement of animal protection laws. Following this, the Mumbai based Teja Industries, the official supplier for Marks & Spencer in India, started out-sourcing leather from other countries to manufacture products for the global chain.

- a. What do you mean by Business Ethics?
b. Discuss the failure of the governments, Council of Leather exports and the leather industry in the light of this case.
c. Discuss the role of social activist groups on monitoring business in India.

(6 x 9 = 54 Marks)

Reg. No.:.....Model Question Paper

**First Semester MBA (CCSS) Degree Examinations,
MBA1C05 – MANAGERIAL COMMUNICATION**

Time: 3 Hours

Max. 80 Marks

Section A

Answer *two questions* in this Section.
Each question carries 13 marks.

1. a. Outline the importance of reports in an organisation. What are the essentials of a good report?

OR

b. Some managers believe that they should rely on written information and computer reports because these can yield more accurate data than do face-to-face communication. Do you agree?

2. a. What are the various objectives which communication strives to achieve in large business organisation?

OR

b. “Communication is not complete till it is received, understood and acted upon.” Elucidate.
(2 x 13= 26 marks)

Section B

Answer any *six questions* in this Section.
Each question carries 1 mark for Part A; 3 marks for Part B; and 5 marks for Part C.

3. a. In this firm, we have bi-weekly meetings.

- I. Once in a week
- II. Twice in a week
- III. Every other week

b. “Face is the index of mind”. Discuss with reference to facial expression.

c. “The manager involves employees in decision that affect them and their jobs. The manager asks employees for their ideas and suggestions on how to improve working conditions.”

- I. Name the management behaviour.
- II. What message would you receive about the manager?
- III. How the manager expected employees to behave? Why?

4. a. There are certain well-accepted essentials for good listening. Mention a few commandments of listening.

b. How is business communication different from personal communication?

c. What is a report? State various kinds of reports relevant to your organisation.

5.
 - a. Write a note on 'house journal'.
 - b. List different channels for transmitting a message. Discuss the advantages and disadvantages of the various channels.
 - c. Discuss the significance of (i) handshake and (ii) smile in ensuring positive communication in the organisational context.

6.
 - a. What do you mean by 'body language' in communication?
 - b. What are the essentials of effective leadership communication?
 - c. Mention the different ways in which cultural differences across different regions and countries manifest themselves.

7.
 - a. What is a mail questionnaire?
 - b. Write a short note on;
 - I. Table manner, and
 - II. Social etiquettes.
 - c. "The advent of modern technology has added new dimensions to the range, speed, methods and modalities of personal and business communication. Internet, laptops, smart phones, and personal computers have started impacting business communication in urban and even rural areas". According to you what will be the impact of technology on business communication in the new millennium?

8.
 - a. Explain Information Super Highway.
 - b. What are the features of grapevine?
 - c. "Meeting and conferences constitute an important means of interactive communication. They are so ubiquitous in today's business organisations that everyone would have participated in some meeting or conference. However, many studies conducted concluded that a large portion of time spent in meetings is wasted on useless discussions, political manoeuvring and personal conflicts".
 - I. Do you agree?
 - II. Why do we need meetings?
 - III. What are the necessary steps to be taken before calling a meeting?

9.
 - a. What do you mean by 'semantic barriers' to communication?
 - b. Differentiate between 'Agenda' and 'Minutes'
 - c. What are the advantages and disadvantages of written and oral communication? Which do you prefer, and under what circumstances?

10.
 - a. Differentiate between 'Letters' and 'Memos'.
 - b. Explain the process of communication with the help of a typical model.
 - c. What is information overload? Do you ever experience it? How do you deal with it?

(6X9=54 marks)

**First Semester MBA (CCSS) Degree Examinations,
MBA1C06 – MANAGEMENT THEORY AND PRACTICE**

Time: 3 Hours

Max. 80 Marks

Section A

Answer *two questions* in this Section.
Each question carries 13 marks.

1. a. Why is it important to understand the different perspectives and approaches to management theory that have evolved throughout the history of organisation?

OR

- b. Herzberg's theory has been subjected to several criticisms. Despite these criticisms, Herzberg's two factor theory has made a significant contribution toward improving manager's basic understanding of human behaviour. Herzberg called these motivation and maintenance factors respectively. Explain.
2. a. 'Whatever a manager does, he/she does through decision making'. Hence, 'decision making is the core of planning'. In the light of these statements, discuss the importance and limitations of planning.

OR

- b. 'Good communication is the foundation of sound management'. Comment

(2 x 13= 26 marks)

Section B

Answer any *six questions* in this Section.
Each question carries 1 mark for Part A; 3 marks for Part B; and 5 marks for Part C.

3. a. What are therbligs?
b. Distinguish between Morale and Motivation.
c. "Management involves coordination and integration of all resources, to accomplish specific results." Why?
4. a. What is TQM?
b. "The contribution of Hawthorne Studies in management is significant." Comment.
c. The Board of Directors of Susumi Ltd., decided at a meeting to expand the size of the Kanpur Plant. After the meeting, the HR Manager casually remarked to her secretary that some adjustments may be made in the staff of the Kanpur Plant. At his lunch break, the secretary told his friends that Kanpur

Plant would soon be lay off people. All of them promised not to say anything about it. But within a week a delegation of the company's union met the Manager of the Kanpur Plant and warned of agitation if even a single worker was laid off.

- a. What caused the workers to believe that they would soon lose jobs?
 - b. How should the management deal with this problem?
 - c. How can the company avoid such things in future?
- 5.
- a. What is decentralisation?
 - b. What are the limitations of MBO.
 - c. 'Directing involves basically the understanding of human behaviour and guiding the behaviour in specific direction.' Elaborate this statement and show how understanding of human behaviour makes directing function of management more effective.
- 6.
- a. What is business ethics?
 - b. Write an explanatory note on PERT and CPM techniques of control.
 - c. 'Scientific management involves in its essence a complete revolution on the part of workers and an equally complete revolution on the part of those on the management side.' Explain.
- 7.
- a. What do you mean by 'planning premises'?
 - b. Why is it important for managers to understand body language?
 - c. Describe the relationship between an organisation chart and an organisation's chain of command. If you were new to an organisation, how might an organisation chart help you get oriented?
- 8.
- a. What is 'Gang Plank'?
 - b. Write short note on:
 - a. Quality Circles
 - b. Kaizen
 - c. TQM
 - c. 'The appropriate amount of decentralisation for an organisation will vary with time and circumstances.' Explain.
- 9.
- a. What is MBE?
 - b. Discuss social responsibilities of business towards the interested groups.
 - c. Distinguish between Job description and Job specification. What precautions should be taken while preparing them?
- 10.
- a. Explain 'feed forward control'.
 - b. Outline the major components of the strategic management process.
 - c. Rensis Likert has classified management philosophies into four convenient leadership styles. Explain Likert's System-4 Management.

First Semester MBA(CCSS) Degree Examinations

MBA1C07 INFORMATION TECHNOLOGY FOR MANAGERS

[Max. 80 Marks

Time: 3 Hours]

Section A

Answer two questions in this Section.

Each question carries 13 marks.

1

a) Explain the working of a Computer System. Elucidate the role of Computer Processes by illustrating the different types of input, storage and output devices.

OR

b) Describe how you would use the various features of Word Processing Software to prepare the report of your Organizational Study Project. Assuming that you do not have internet access or printing facility at home, what technologies would you use for transferring the document for formatting and printing from a DTP Services Centre?

2

a) List five features in Facebook that you are familiar with. What are the commercial benefits of these features? Explain with examples. Do you agree that commercial applications on Social Media acknowledge the privacy of its users? Explain Why or Why not.

OR

b) Explain the sequence of processes involved in an E-Commerce transaction with the example of a popular B2C website that you are familiar with. Point out the security provisions in the above transaction.

(2 x 13 = 26 Marks)

Section B

Answer any six questions in this Section

Each question carries 9 Marks (1 mark for Part (a), 3 marks for Part (b), and 5 marks for Part (c))

3

a) What is the role of the Formula Bar in MS Excel?

b) How does the 'Sort' Function in MS Excel differ from the 'Filter' Function?

c) Explain how the features of MS Powerpoint can help a Marketing Executive to impress his client while presenting a Business Proposal.

4

a) What is the use of Google AdSense?

b) How does a Blog help a company to promote its products? Give an example.

c) What is Net Etiquette? Mention five netiquette principles you should follow when sending an e-mail as a covering letter for your job application.

5

a) What is a Digital Signature? How does it ensure online security?

b) Briefly describe the use of Bar code, RFID and QR Code.

c) Mention three salient features of IT Act 2000? Bring out some amendments of IT Act 2000

which were made in 2008.

6

a) What is Helvetica? (Answer Option A/B/C/D)

Option A: Name of a Computer Virus , Option B: Name of an Opensource software

Option B: Name of a Computer Font , Option D: Name of a brand of laptop

b) What is MailMerge used for?

c) List five formatting Options that can be used on a MSWord Document.

7

a) What is meant by Big Data?

b) Define (a) Business Intelligence, (b) Predictive Analytics, (c) Prescriptive Analytics

c) Explain the prospects of Big Data Analytics to the Healthcare industry. What factors should analysts consider while applying Big Data Analytics to their organization?

8

a) How does 'PayPal' enable electronic transactions?

b) What is a) Authentication, b)

c) Critically evaluate five technologies available for E-Commerce security?

9

a) What is Search Engine Optimization (SEO)?

b) Illustrate a) Star Topology, b) Ring Topology and c) Bus Topology in the context of Computer Networks.

c) Mention five business applications of Cloud Computing with examples.

(6 x 9 = 54 Marks)
